**Course Objectives:** *In the space below, write your course objectives (these may be provided by your program/department). Course objectives should describe what students will be able to do after completing this course.*

By the end of this course, students will be able to:

- 1.
- 2.
- 3.
- 4.
- 5.

**Content Sequencing:** *In this section determine the most appropriate sequence for presenting the information to students. In the table below, please provide a title for each module, the topics you plan to cover in that module, and the course objective(s) to be addressed.*

*\* In this space, list any non-specific module content such as assessments/course work/supplemental materials/on-going projects etc.*
