Subject: [AMS-HRTRAINERS-L] New Online Course: ADA for Supervisors and Faculty
Date: Monday, January 11, 2010 2:32:40 PM

Dear A&M System Training Coordinators,

I am pleased to announce the availability of a new online course in TrainTraq entitled *ADA for Supervisors and Faculty (2111125)*. This course presents different scenarios meant to challenge supervisors and faculty to think about how to properly respond when an ADA-related issue/potential issue arises.

ADA for Supervisors and Faculty is not a System-required course, but the ADA contact at your System member may choose to require it of certain employees if they wish.

Please work with your [ADA contact](#) to determine who (if anyone) needs to be assigned this course. If you need to develop assignment rules for this course or have any questions or concerns, please let me know.

Make it a great day!
Ashley
