1. You may list one or more primary beneficiaries.
2. Indicate each beneficiary's relationship to you.
3. Indicate the distribution by percentage. If you list more than one beneficiary for each coverage, the distribution percentages must total 100; for example, 60/40, 50/50, etc.
4. You may list one or more secondary beneficiaries. The secondary beneficiary will receive proceeds from these policies if you and the primary beneficiary both die. Please also indicate each beneficiary's relationship to you, and if you name more than one, indicate the distribution percentage for each.
