

Vendor Loan Supplement

For public education 403(b) and other non-ERISA 403(b) plans

You should provide the completed form to the investment provider from which you are requesting a loan.

While the form asks you to provide certain information regarding those loans, you should expect that your investment provider **or employer** will seek to confirm some or all of the information with the identified providers, to ensure compliance with the federal tax rules governing these loans. You should also be aware that loans are subject to any additional restrictions or requirements imposed under the contract and account from which you are requesting the loan, and thus completion of the form does not ensure loan approval.
