EXTENDED PAYMENT PLAN CHANGES

In response to requests from Extended Pay Plan participants and work stations, it will no longer be necessary to re-enroll in EPP each year.

Beginning in August, the EPP stop date on screen 114 will default to all nines instead of the last day of the fiscal. A program will be run to change the EPP stop date of all current participants to all nines.

A letter will be generated in late August for all current participants stating that they will remain enrolled and must sign and return the letter if they wish to stop participation. The letters generated are formatted for a windowed envelope with campus addressing and will be sent to the payroll offices for distribution.
