

# Hot Off The Press

## New Look to Bill Request Screen 641

Effective immediately, Screen 641 has a new look and feel. The functionality has not changed. Underscores appear where dollar amounts can be entered so you can better see where to place the numbers. Also, the format of the dates is specified (MMDDYYYY and MMYYYY) so you can more clearly see what's expected. You do not need to blank out the underscores, simply enter the numbers and decimal point as before.

Also, notice that LTCE and LTCS have been removed, since we no longer bill for that coverage.

Please submit any comments for improvements or problems with the screen to [BPP-Help@tamu.edu](mailto:BPP-Help@tamu.edu).
