85th Regular Session, Agency Submission, Version 1
Automated Budget and Evaluation System of Texas (ABEST)

715 Prairie View A&M University

For 140 years, Prairie View A&M University (PVAMU) has served as the educational foundation for some of the nation's best and brightest. Established in 1876 as a land-grant institution, PVAMU is the second-oldest public university in Texas. Today, the university is still committed to its mission of achieving excellence in teaching, research, and service. Known for producing productive engineers, architects, corporate leaders, artists, nurses, and educators, PVAMU has made an impact not just in the state of Texas, but around the world.

Since its origins in the Texas legislature as a "Normal School" specializing in the preparation and training of teachers, the curriculum has expanded to include eight colleges and schools. Each boast degree programs in a number of disciplines, such as natural sciences, juvenile justice, architecture, the arts and engineering to name a few. From our first class of 8 students to now serving over 8,300 scholars, the university continues to provide high-quality educational experiences reflective of its core values.

That same demand for excellence reaches beyond the main campus into nearby Houston. The cutting-edge College of Nursing resides in the world-renowned Texas Medical Center, where students learn the latest nursing procedures in simulation labs that are on the forefront of advancing life science. The college consistently ranks in the top ten for producing undergraduate Administrators, Nursing Researchers and Clinical Nurses. At the university's Northwest Houston Center, located in Houston's Willowbrook neighborhood, students enjoy the convenience of a central location and flexible schedule combined with offerings in business, nursing, and community development.

Research, scholarly, and creative productivity is on the rise. There are more than 100 active projects including the larger Chancellor's Research Initiative (CRI) high profile projects in Radiation Biology; Computational Biology; Smart Microgrid; Cyber Security; and PVAMU Minority Achievement, Creativity and High Ability Center (MACH3). Increased research productivity has broadened opportunities for both undergraduate and graduate students as evidenced by the undergraduate participation in competitive research competitions and fairs and graduate students' winning research awards at the state and regional level.

Honors Program and Undergraduate Medical Academy graduates are breaking records in the success with which they are gaining access to the top graduate and professional schools in the country. Many of those students, as well as others who are not in these programs, are excited about studying Chinese and Arabic.

PVAMU also takes great pride in preparing graduates to compete in the global marketplace. Through the Office of International Affairs, students are able to take advantage of the plethora of study abroad opportunities from South Africa to China. The John B. Coleman library houses one of 300 Confucius Institutes in the nation, through a partnership with Xi'an International Studies University.

PVAMU panthers are afforded the opportunity to learn the value of partnership and civic engagement through service-learning. The university encourages its students to not only participate in community service but also to examine the larger societal issues and develop innovative solutions. Through the Panthers At Work (PAW) program, students interact with local citizens during a community-wide clean up.

The University's resolve to move toward fulfillment of its mission to the citizens of Texas is reflected in the progress it has achieved over the past five years. In 2010, the University's accreditation by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) was fully reaffirmed; in 2011, the athletics program won the Southwest Athletic Conference Commissioner's Cup for all-around athletic excellence; in 2012, there was completion of the Campus Master Plan which included a new student recreation center and recently opened facility to house the College of Agriculture and Human Sciences and College of Business; in 2013, the Doctor of Nurse Practice was approved as the fifth doctoral program at the University; in 2014, the Confucius Institute, President's Reading Room, and full service Tutoring Center were completed through renovations in the J.B. Coleman Library; in 2015, the University was ranked by Money Magazine as having an Online MBA Program in the top 50 and ranked second in the nation on the Social Mobility Index from CollegeNet, and being one of the top 50 Best Colleges in the nation for African

715 Prairie View A&M University

Americans. Just this year, we had the distinction of having one of our alumni, Mrs. Nathelyne Archie Kennedy, named the 2016 Houston Engineer of the Year.

PVAMU's legacy of excellence extends beyond the classroom. Throughout the years, the athletics program has produced several noted Olympians, NFL Hall of Famer Ken Houston, and two-time NBA All-star Zelmo Beaty to name a few. In addition, the university will open its state-of-the-art 15,000-seat football stadium and world-class athletics fieldhouse just in time for the 2016 football season. The school's athletic program holds championship titles in football, volleyball, men's & women's basketball, bowling, baseball, and men's tennis.

PVAMU has produced more flag rank military African American officers than any other HBCU in Texas. Those officers include seven army generals and three navy admirals. Our military friendly campus is proud of the fact that PVAMU was the first HBCU in Texas to host both an Army ROTC and the first HBCU in the United States to host a Navy Reserve Officer Training Corps Program. Known for "producing productive people", Prairie View A&M University has produced some 60,000 exceptional alumni who reside in Texas and around the world.

Highest Priority Requests from Members of the Texas A&M University System Funding Issues and Needs

We recognize the financial situation facing the State of Texas and the difficult budget decisions that face the 85th Legislature. We also appreciate the efforts through zero-based budgeting to focus spending on the highest priority and most efficient activities that are vital investments to the future well-being of the State of Texas. As we testified last session, TAMUS has engaged in similar exercises since 2011. We have eliminated administrative positions and discontinued performing certain functions that are not core to our mission and redirected those savings to classrooms, research labs, and public service.

Even as we continue to look for ways to improve our efficiency, we must also be clear that 4% reductions to budgets that have already been diligently scrubbed and reprioritized will mean we are left to manage significant budget reductions directly impacting teaching and support services to our students; reductions to significant research projects that directly impact our State's economy; and reductions in outreach and service efforts on which many citizens and public entities depend. Although a last resort, increased tuition may have to be considered to maintain the quality of programs and services you have charged us to provide. For these reasons, we respectfully request that you restore the 4% reduction in our baseline requests for both the formula and non-formula strategies.

Base Funding – Formula funding is the foundation our institutions depend upon to provide high quality teaching and support services for growing student populations to prepare them to meet the workforce needs of this state. The teaching function of our institutions is supported by two key sources of funding: state appropriations primarily through the formulas and students' tuition and fees. Our number one priority is maintaining the current formula funding rates in the base bill and in the final conference committee bill in order to cover enrollment growth through the spring 2017 semester. Any additional funding you can provide through the formulas to increase the rates to cover the cost of inflation on the state's share of the cost of educating students will help us keep our tuition and fees more manageable while also offering the courses and support services necessary to help students graduate in a timely manner.

Our A&M Agencies need base funding support much in the same manner as the formulas that provide basic, on-going support for the academics and health related institutions.

We also request support for other base funding streams be maintained at current levels, including support for research through the Texas Research University Fund and the Comprehensive University Fund and the continuation of Institutional Enhancement.

New Performance Measures – The performance measures added for higher education are important indicators for the legislature to track. We are glad to provide this

Administrator's Statement

85th Regular Session, Agency Submission, Version 1
Automated Budget and Evaluation System of Texas (ABEST)

715 Prairie View A&M University

outcome information. Out-year projections for these measures are held to current levels in this document. Tuition & fee charges and student debt measures are so closely connected to legislative appropriations that accurate projections for the future cannot be made at this time without a better indication of future funding amounts. However, regardless of appropriations levels, TAMUS commits to hold tuition at the lowest levels financially prudent and to look for every way to assist students in graduating well prepared, on time, and with the least debt possible.

Outcomes Based Funding - Our Board is increasingly incorporating performance and outcomes into our internal budget review processes. We welcome a continued dialog on this issue during the legislative session.

Capital – Thank you for the commitment you made to higher education last session through the increase in the Higher Education Fund and the authorization for facilities to address our critically needed classrooms and labs. We have moved forward immediately to build the critical teaching and research space you approved so we very much appreciate the policy letter exemption for appropriations needed to satisfy debt service requirements. We expect to have binding contracts on all of our projects that will require two years of debt service to ensure funding is available to satisfy those contracts. Providing the second year of debt service appropriations for the 2018-19 biennium is of the utmost importance to keep the projects on track.

Higher Education Group Health Insurance – We request funding to cover increases in enrollments and in health care costs that are beyond our control. We also request restoration of some increment of the differential funding level for our employees' group insurance as compared to that provided for other state employees who are covered in the ERS group insurance plan.

Student Financial Aid – Thank you for the increase in financial aid for students last session; students and their families are the beneficiaries. Because it is so important to these families, we request increased support for student financial aid, including TEXAS Grants and other financial aid programs. However, please recognize that since it is a method of paying for tuition and fees that otherwise would have to be paid by students and their families, student financial aid does not increase much needed funding for the universities.

We appreciate the relief provided by the 84th Legislature for the Hazlewood Legacy program that supports our veteran students and veterans' families. While we do not anticipate that the recent court ruling will cause an increase in the already rapid growth in the veteran students and their families served through the Hazlewood program, the current rates of growth of Legacy students continue to be an increasing cost to our institutions.

Highest Priority Requests from Prairie View A & M University

Restoration of the 4% Reduction – \$1.8 Million – We are requesting restoration of the 4% GR and GR-Dedicated reduction. The restoration of these funds is being requested so as to not affect the instructional and service needs of our student population. Potential affected areas include proven graduate and undergraduate programs, undergraduate education, initiatives to target enrollment growth, student nurse stipends, Honors program scholarships, student counseling, general operating budget enhancements and public service activities related to Juvenile Crime Prevention. In addition, the restoration of these funds should allow the University to be eligible to request a waiver of the additional 50% match requirement from USDA. Without a 50% minimum match, the University will lose federal funding for the Cooperative Extension Program and Cooperative Agricultural Research Center.

Academic Development Initiative (ADI) - \$25.0 Million– Without question, The Texas Priority Plan Commitment, commonly referred to as the OCR Plan, whose implementation began in 2000-2001, was a watershed event. It was the most far-reaching, comprehensive strengthening and enhancement plan in the University's history, addressing major components of institutional functioning. Under that plan and its sequel, the Academic Development Initiative (ADI), construction of new academic and

Administrator's Statement

Automated Budget and Evaluation System of Texas (ABEST)

715 Prairie View A&M University

student development facilities; reduction of long-standing deferred maintenance; establishment of a larger and better quality cadre of faculty and staff; creation of new degree programs including doctoral programs; expansion of the scholarship availability; development of and improved information technology infrastructure; building of a capital campaign fundraising platform; and investment in other areas important to “an institution of the first class.” The State of Texas reaffirmed its commitment to Prairie View A&M University by appropriating the full amount to support the ADI Plan in the last biennium.

We request the following: a) Retain ADI funding to the original \$25 biennium allocation and b) Make ADI funds permanent as a part of the base appropriations. These funds will be used to support the following: proven academic programs (e.g. undergraduate medical academy); proven graduate programs, and proven undergraduate programs and initiatives that target enrollment growth, retention and graduation.

Agriculture Match - \$13.6 Million- As an 1890 land grant institution, PVAMU has brought millions of federal dollars to the State of Texas through its Cooperative Extension and Agriculture Research programs. For every state dollar invested in these programs, PVAMU brings a matching federal dollar back into the Texas economy. In recent years, the Federal Farm Bill matching requirements have increased to 100% and the annual federal allocation to PVAMU has been increasing with the university receiving the largest federal allocation among 1890 institutions. It is estimated that the university needs about \$13.6M to fully meet its state match requirement. Tuition funds cannot be used toward the USDA match so PVAMU may lose federal allocations if additional funding is not provided. The following programs will be implemented to benefit the citizens of Texas with the additional funding: Fighting Childhood Obesity with Functional Foods; Financial Literacy; Reducing Bullying and Violence; Total Youth Wellness Program; Water Security Research; and Elevating Goat Research in Texas.

Center for Study and Prevention of Juvenile Delinquency and Crime Prevention Account No. 5029, “estimated” –The University is seeking further clarification on our ability to access the cash balances in Fund 5029. Your consideration of the Rider Revision Addition related to these funds, would solidify the Legislative position that the University may utilize any funds in the account and further allows PVAMU to fulfill the State’s intent related to these funds.

License Plate Trust Fund Account No. 0802 – Clarification in the General Appropriations Act to include the word “estimated” in PVAMU’s License Plate Fund Account 0802 will not limit the University’s ability to access the balance in Fund 0802. The University is also seeking your approval for the Rider Revision Addition related to the funds in this account.

Other Pertinent Information

In arriving at the target budget reduction figures, PVAMU conducted a department-by-department review of its FY15 expenditures and FY16 budget to endeavor to minimize any impact on student educational quality of services. At 90% of the FY16 budget level, there is no way to avoid a reduction in some critical services that impact our students’ education. We will have some reduction in force, larger classes in some areas, and less campus maintenance performed. Since over 90% of PVAMU students are on financial aid, we have worked hard to retain our current scholarship levels. However, if the special items for Nursing and Honors are reduced, we will face a corresponding scholarship reduction in those areas.

PVAMU has taken steps to improve its employee workforce by hiring the best qualified people. Such improvement starts with the hiring process. PVAMU conducts criminal background checks on all employees-faculty, staff, and student workers. After hiring, professional development plans are a part of each non-student employee’s annual review process. On the staff side, numerous employees have attained professional certification status which is leading to an increase in the quality of our work force.

A fully transformed Prairie View A&M University will be a positive and powerful force for the State of Texas. Funding of the initiatives contained within this document

will equate to a stronger and more positive university, greater access for students with economically disadvantaged backgrounds, and improvement in the quality of life for our students, their families, and their communities. Prairie View has, and will continue to, raise the standard of living for the State of Texas and the nation.

Your consideration of these issues is greatly appreciated.

George C. Wright, Ph.D. President

------	-------------	----------	----------	----------	------------------------	------------------------

STRATEGY DESCRIPTION AND JUSTIFICATION:

The Instruction and Operations Formula provides funding for faculty salaries, departmental operating expense, instructional administration, research enhancement, student services and institutional support. The funds are distributed on a weighted semester credit hour basis. The rate per weighted semester credit hour is established by the Legislature each biennium.

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

The average unit load of students is subject to change, based on such variables as amount of hours students work, and the number of course offered. Also, external factors created by an uncertain economy could cause enrollments to fluctuate, as could increasing cost of education.

EXPLANATION OF BIENNIAL CHANGE (includes Rider amounts):

CODE	DESCRIPTION	Exp 2015	Est 2016	Bud 2017	BL 2018	BL 2019
------	-------------	----------	----------	----------	---------	---------

Required matching has risen to a 100% level to obtain federal Farm Bill grant funds. The matching requirement is not set by the State but must be met to obtain federal funds. The current level of funding is insufficient to meet the match requirements. Without matching funds, the State of Texas will lose millions of dollars in economic impact and programs will be cut.

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

Additional information for this strategy is available in Schedule 9, Special Item Information.

CODE	DESCRIPTION	Exp 2015	Est 2016	Bud 2017	BL 2018	BL 2019
------	-------------	----------	----------	----------	---------	---------

STRATEGY DESCRIPTION AND JUSTIFICATION:

To obtain funding for the Agriculture Match Strategy such that PVAMU is able to meet the federally – required USDA 100% match.

The Ag Research Cntr & Extension & Public Service special item funding is used to match USDA grants. The grant matching requirement has risen from 20% to 100%.

- PVAMU has, through its existing special item funding, been able to obtain a waiver in the past few years even though it has not met the 100% match requirement.
- To ensure the University's continuing ability to bring a dollar to Texas for each dollar of appropriation, the special item needs to be funded at a level sufficient to support the match requirements. For the Ag Research Center (C.2.1 Strategy) federal funding in FY14 = \$5,116,915, est. escalation of 3% to FY15 = 5,270,422, for total est. biennium federal funding of \$10,387,337. For Extension and Public Service (C.3.1 Strategy) federal funding in FY14 = \$4,399,907 est. escalation of 3% to FY15 = 4,531,904, for total est. biennium federal funding of \$9,931,811. Total est. federal grants in FY14 and FY15 = \$20,319,148 less est. special item funding at a constant level of \$6,414,102. Projected match shortfall = \$13,905,046.

Ag Match will be spent in strategies 03-02-01 Cooperative Ag Research Center and 03-03-01 Extension & Public Service

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

Federal support may be reduced unless dollar matching by the State of Texas is provided. The federal guidelines request that the State of Texas match one dollar for one dollar in that set federal funding is not assured without a 100% match. Therefore, our ability will be negatively compromised for hands-on intimate approach when delivering no cost consultation to targeted communities focusing on minorities, those populations living in poverty, and underserved communities. Furthermore, with the growing population of Texas we will not be in a position to hire additional staff to address diabetes and chronic diseases within targeted populations, programs for limited-resource farmers and ranchers would reduce their chances for grants, loans and other assets to maintain their farm and ranch operations. Also if funding is not secured, the 4-H youth development program would minimize youths' opportunities to participate in community garden, science and leadership projects.

STRATEGY DESCRIPTION AND JUSTIFICATION:

This Initiative has provided general revenue funds since 2002 and has enabled PVAMU to (1) achieve specialized accreditation in approximately 85% of its programs that are eligible for such accreditation and (2) to establish graduate programs in Nursing, Juvenile Justice and Psychology, Architecture, Engineering, Education, and Business. Such graduate programming opportunities were denied to the campus in the past. All programs have been started and are in the process of maturing. After the initial funding was established, the Undergraduate Medical Academy (UMA) was required to be funded from this source. The UMA is providing quality matriculates in the medical programs as mandated. PVAMU has also been asked to place additional emphasis on retention of undergraduate students. Accordingly, the funding source has been further reallocated to cover those increased expectations. Even though these additional initiatives are in their infancy, progress is being made.

DESCRIPTION / JUSTIFICATION:

This item is being submitted to request restoration of the 4% reduction of GR and GR Dedicated funds. The restoration of these funds is being requested so as to not affect the instructional and service needs of our student population. In addition, the restoration of these funds should allow the University to be eligible to request a waiver of the additional 50% match requirement from USDA.

4.A. Exceptional Item Request Schedule

Agency code: **715**

Agency name:

Prairie View A&M University

CODE	DESCRIPTION	Excp 2018	Excp 2019
-------------	--------------------	------------------	------------------

EXTERNAL/INTERNAL FACTORS:

Major accomplishments to date and expected over the next two years:

- Academic Development Initiative – to fund proven graduate and undergraduate programs, undergraduate education and initiatives to target enrollment growth
- Agriculture Match – to allow the University to at least meet the minimum match requirement of 50% in order be eligible to request a waiver of the 100% match requirement from USDA. A waiver request still requires USDA approval but cannot be requested unless 50% is matched.
- Student Nurse Stipend – To continue to provide funding for nursing students
- Honors Program – To continue to provide funding for honors scholarships
- Institutional Enhancement – to support scholarships, student counseling, and general operating budget enhancements
- Juvenile Crime Prevention Program – to support public service activities related to Juvenile Crime Prevention

Year established and funding source prior to receiving special item funding: This is a new Exceptional Item

Formula funding: No

Non-general revenue sources of funding: None

Consequences of not funding:

Potential loss of Federal Appropriations for Agriculture Research and Extension Programs. A loss in this funding may reduced the quality in educational programs and services.

DESCRIPTION OF ANTICIPATED OUT-YEAR COSTS :

Request to keep the University whole so as to not affect the on-going instructional and service needs of our student population.

ESTIMATED ANTICIPATED OUT-YEAR COSTS FOR ITEM:

<u>2020</u>	<u>2021</u>	<u>2022</u>
\$890,862	\$890,862	\$890,862

TOTAL, METHOD OF FINANCING		\$6,800,000	\$6,800,000
FULL-TIME EQUIVALENT POSITIONS (FTE):		53.50	53.50

DESCRIPTION / JUSTIFICATION:

To obtain funding for the Agriculture Match Strategy such that PVAMU is able to meet the federally – required USDA 100% match.

The Ag Match special funding is used to match grant funds received from USDA for the Ag Research Center and the Extension & Public Service Program. The grant matching requirement has risen from 20% to 100%. PVAMU has, through its existing special item funding, been able to obtain a waiver in the past few years even though it has not met the 100% match requirement. To ensure the University's continuing ability to bring a dollar to Texas for each dollar of appropriation, the special item needs to be funded at a level sufficient to support the match requirements. For the Ag Research Center federal funding in FY16 = \$5,001,788 and FY17 = \$5,170,651, for total est. biennium federal funding of \$10,172,439. For Extension and Public Service federal funding in FY16 = \$4,295,554 and FY17 = \$4,462,126 for total est. biennium federal funding of \$8,757,680. Total est. federal grants in FY16 and FY17 = \$18,807,904 less est. special item funding at a constant level of \$6,414,102. Projected match shortfall = \$12,789,017.

EXTERNAL/INTERNAL FACTORS:

Major accomplishments to date and expected over the next two years:

The Agricultural Cooperative Research Center developed new methodologies for analyzing milk and dairy products for high levels of contamination during food handling or as a result of treating goats with antibiotics. The Cooperative Extension 43,560 Initiative provided scale-appropriate instruction, reaching 1,500 clients. Producers were assisted with completing Farm Service Agency loans (\$1.1M in microloans, \$3.9M in farm operating loans, \$22K in youth loans and \$510K in farm ownership loans). The

Agency code: **715**

Agency name:

Prairie View A&M University

CODE	DESCRIPTION	Excp 2018	Excp 2019
-------------	--------------------	------------------	------------------

Energy Audit Program created 40 jobs and 8 started their own business. To increase access to Texas HUB vendors, 103 individuals completed the State HUB Certification program. 10% of participants reported receiving \$19M in total contracts. In addition to the continuation of the aforementioned programs, over the next 2 years, design and implement agricultural related outreach programs to target female farm operators and land owners, expand healthy living initiatives for limited-resource youth and their families to increase nutrition knowledge and physical activity, and expand the Cooperative Extension Program to additional USDA Strike Force counties.

Year established and funding source prior to receiving special item funding: 2002 and none

Formula funding: None

Non-general Revenue Sources of Funding:

For the Ag Research Center federal funding in FY16= \$5,001,788 and FY17= \$5,170,651, for total est. biennium federal funding of \$10,172,439. For Extension and Public Service federal funding in FY16= \$4,295,554 and FY17= \$4,462,126 for total est. biennium federal funding of \$8,757,680.

Consequences of not funding:

Programs offered through AG Match funds will be reduced within the targeted populations and negatively impact the youth and will only be able to offer limited-resource farmers and ranchers. Federal support will be eliminated unless dollar matching by the State of Texas is provided.

DESCRIPTION OF ANTICIPATED OUT-YEAR COSTS :

Request to maintain and increase research initiatives and programs and services for the public. To obtain funding for the Agriculture Match Strategy such that PVAMU is able to meet the federally – required USDA 100% match.

ESTIMATED ANTICIPATED OUT-YEAR COSTS FOR ITEM:

	Total Expenditures		33.6%		\$10,746,285	\$31,980,631		34.6%			\$12,950,155	\$37,414,002

B. Assessment of Fiscal Year 2014 - 2015 Efforts to Meet HUB Procurement Goals

Attainment:

Prairie View A&M University attained or exceeded three of five, or 60%, of the applicable Statewide HUB procurement goals in FY 2014.

Prairie View A&M University attained or exceeded four of five, or 80%, of the applicable Statewide HUB procurement goals in FY 2015.

Applicability:

Prairie View A&M University

Factors Affecting Attainment:

In fiscal year 2014 and 2015, Prairie View A&M University continued to experience staffing shortages in the Purchasing and HUB Offices, therefore the desired effort towards HUB participation was limited. HUB results are improving steadily with an emphasis on ethnic diversity. Several outsourced Services such as Food Services (Sodexo), Wastewater Management (Seven Trent), Facilities Management (Southeast Service Corporation) and Information Technology (Ellucian) affected HUB goal Attainment

"Good-Faith" Efforts:

Prairie View A&M University made the following good faith efforts for compliance:

1. Encouraged HUB participation in all bids and contracts. Worked closely with Outsourced Service Providers
2. Held Annual HUB Vendor fairs on campus to bring end users and certified HUB vendors together.
3. Provided reasonable requirements on all contracts to HUB vendors.
4. Maintained HUB brochure(s) and webpage.

6.A. Historically Underutilized Business Supporting Schedule

FTE Reductions (From FY 2018 and FY 2019 Base Request)

4 University Realignment

Category: Programs - Service Reductions (Other)

Item Comment: A reduction in this funding would interrupt the University's efforts to close the academic gap for our students which will leave them less prepared, and limit their ability to be competitive in Agriculture and STEM related disciplines.

Strategy: 3-4-2 University Realignment

General Revenue Funds

1 General Revenue Fund	\$0	\$0	\$0	\$4,800	\$4,800	\$9,600	
General Revenue Funds Total	\$0	\$0	\$0	\$4,800	\$4,800	\$9,600	
Item Total	\$0	\$0	\$0	\$4,800	\$4,800	\$9,600	

FTE Reductions (From FY 2018 and FY 2019 Base Request)

5 Honors Program

Category: Programs - Service Reductions (Other)

Item Comment: Reduction in Honors Program scholarships reduces the ability of the University to recruit and retain meritorious students.

Strategy: 3-1-2 Honors Program

6.I. Percent Biennial Base Reduction Options

10 % REDUCTION

FTE Reductions (From FY 2018 and FY 2019 Base Request)

6 Student Nurse Stipends

Category: Programs - Service Reductions (Other)

Item Comment: A reduction in this funding would result in 30% of professional nurses necessary to remedy the nursing shortage and support diversity in the work force would not be educated and produced for Texas by 2020. Also, there would be an increased disparity of minority graduates in contributing to Texas' policy on "Closing the Gap in Higher Education" achievement.

Strategy: 3-1-1 Student Nurse Stipends

<u>General Revenue Funds</u>							
1 General Revenue Fund	\$0	\$0	\$0	\$10,942	\$10,942	\$21,884

8 Agriculture Match

Category: Programs - Method Of Finance Swap

Item Comment: A reduction in the Agriculture Match strategy will limit the program's ability to provide well endowed assistance and programs to citizens of the State of Texas. The program has provides a wide range of services from individuals seeking small business start-up loan applications to family nutritional wellness knowledge and activity. This program will greatly be diminished &, consequently, federal appropriation funds will be reduced.

Strategy: 3-2-2 Agriculture Match

FTE Reductions (From FY 2018 and FY 2019 Base Request)				6.0	6.0		

9 Institutional Enhancement

Category: Programs - Service Reductions (FTEs-Layoffs)

Item Comment: A reduction in this funding will adversely impact the success rates of the students needing developmental education. Furthermore, it would have a devastating impact on the retention and graduation rates of the institution. Loss of funding or a reduction in funding would also have a severe negative impact on our efforts to increase international student enrollment, expand education abroad initiatives for our students, enhance our international research efforts, and to establish mutually beneficial international partnerships.

Strategy: 3-4-1 Institutional Enhancement

6.I. Percent Biennial Base Reduction Options

715 Prairie View A&M University

Special Item: 1 **STUDENT NURSE STIPENDS**

(1) Year Special Item: 1954
Original Appropriations: \$0

(2) Mission of Special Item:

To provide scholarships to low-income students to help meet the healthcare needs and double the registered nurse workforce in Texas from 2013-2020.

(3) (a) Major Accomplishments to Date:

Prairie View A&M University has educated professional nurses for 98-Year, graduating 4,344 men and women. The Student Nurse Stipend has supported student funding to earn a Bachelor of Science Degree in Nursing and achieving licensure to practice as Registered Nurses. During the last several fiscal years, 2012-2015, an average 197 undergraduate students have been awarded the Stipend. In the last 10 years, nearly 100% of the graduates remain in Houston and the Greater Gulf Coast post-graduation, and are employed in hospitals and other health care industries.

(3) (b) Major Accomplishments Expected During the Next 2 Years:

- Continued high demand of employment of Prairie View A&M nursing graduates in Houston and the Greater Gulf Coast.
- Continued education of nurse graduates who represent the diversity and demographics of Texas, especially first generation college students.
- Contribution in supporting the Texas Health Plan in educating a professional work force that represents baccalaureate degree education.

(4) Funding Source Prior to Receiving Special Item Funding:

None

(5) Formula Funding:

N

(6) Startup Funding:

N

(7) Transition Funding:

N

(8) Non-general Revenue Sources of Funding:

None

(9) Consequences of Not Funding:

715 Prairie View A&M University

Thirty percent of professional nurses necessary to remedy the nursing shortage and support diversity in the work force would not be educated and produced for Texas by 2020. Also, there would be an increased disparity of minority graduates in contributing to Texas' policy "Closing the Gap in Higher Education" achievement.

715 Prairie View A&M University

Special Item: 2 **HONORS PROGRAMS**

(1) Year Special Item: 2000
Original Appropriations: \$100,000

(2) Mission of Special Item:

To provide funding for scholarships for honors students to help attract top students to the University.

(3) (a) Major Accomplishments to Date:

The Honors Program (HP) at Prairie View A&M University has graduated three classes: HPI, HP II, and HP III. HP stands for Honors Program and the number is the class. Hence, HPI is the first class of Honors students. Consistently, Honors students in this program have graduated in four years, if not before, and all per class have immediately entered medical schools, graduate programs for Ph.D.'s, and/or Master's Programs, law school, as well as entered the workforce in their perspective fields of study. This Summer we have 24 Honors students studying advanced Chinese in China at Xi'an International Studies University. To date, after the Spring Semester of 2016, please review the attached document.

(3) (b) Major Accomplishments Expected During the Next 2 Years:

To hopefully increase the number of Honors students per class from 25 selected members each Fall Semester to 35 students. All students presently study Chinese and travel to China, and now I would like to fully develop the Arabic language program for the Honors Program.

(4) Funding Source Prior to Receiving Special Item Funding:

None

(5) Formula Funding:

N

(6) Startup Funding:

N

(7) Transition Funding:

N

(8) Non-general Revenue Sources of Funding:

None

(9) Consequences of Not Funding:

Prairie View A&M University would not be able to compete with larger Universities to attract and retain the top students.

715 Prairie View A&M University

Special Item: 3 **AGRICULTURE MATCH**

(1) Year Special Item: 2008

Original Appropriations: \$997,519

(2) Mission of Special Item:

Benefit the citizens of Texas through the following initiatives; Fighting Childhood Obesity with Functional Foods; Financial Literacy; Reducing Bullying and Violence; Total Youth Wellness Program; Water Security Research; and Elevating Goat Research in Texas.

(3) (a) Major Accomplishments to Date:

AG Research Center developed new methodologies for analyzing milk and dairy products for high levels of contamination during food handling or as a result of treating goats with antibiotics. Increased shelf life of food products of dairy products. Quantified the effect of agronomic practices on the quality of bio-energy sorghum. Maintaining sweet potato germ plasm collection. Determined potential climate spatial and temporal variability on water resources across the Brazos Watershed. Trained students in research using state-of-the-art technologies. Worked with the extension to promote research-based sustainable farming and ranching operations across Texas. Actively participated in statewide initiatives, e.g., water-energy-food nexus, water technologies.

The 43,560 Cooperative Extension Initiative provided scale-appropriate instruction, reaching 1,500 clients. Producers were assisted with completing Farm Service Agency loans (\$1.1M in microloans, \$3.9M in farm operating loans, \$22K in youth loans and \$510K in farm ownership loans). The Energy Audit Program created 40 jobs and 8 started their own business. To increase access to Texas HUB vendors, 103 individuals completed the State HUB Certification program. 10% of participants reported receiving \$19M in total contracts. Youth in 4-H received 70,000 hours of non-formal education in life skills with 4,000 reached through peers. Over 10,000 adults learned about health and nutrition through informal classroom settings.

(3) (b) Major Accomplishments Expected During the Next 2 Years:

Develop pasture production strategies; Increase the efficiency of artificial insemination and embryo transfer in caprine; use non-invasive real-time ultrasound measurements to evaluate caprine animal development across gender and traits; develop value added caprine products; use biotechnological techniques to eliminate undesirable constituent products from plants with high potential in weight-loss; develop new tools for inventory of water resources at different scales across the state, develop biodegradable polymer systems; test and validate new tools to improve flood prediction and mitigation; optimize crop water management and allocation; and test performance of in-situ and remote sensing system for natural resource management.

Design and implement agricultural related outreach programs to target female farm operators and land owners; collaborate with research scientists to continue 43,560 initiative; increase number of youth contacts in urban and rural communities with STEM projects; expand healthy living initiatives for limited-resource youth and their families to increase nutrition knowledge and physical activity (adoptive behaviors for this initiative are: drinking more water, consuming more fruits and vegetables, planning and eating family meals together); expand parenting series to other counties; and expand the Cooperative Extension Program to additional USDA Strike Force counties.

(4) Funding Source Prior to Receiving Special Item Funding:

None

715 Prairie View A&M University

(5) Formula Funding:

N

(6) Startup Funding:

N

(7) Transition Funding:

N

(8) Non-general Revenue Sources of Funding:

For the Ag Research Center federal funding in FY16= \$5,001,788 and FY17= \$5,170,651, for total est. biennium federal funding of \$10,172,439. For Extension and Public Service federal funding in FY16= \$4,295,554 and FY17= \$4,462,126 for total est. biennium federal funding of \$8,757,680.

(9) Consequences of Not Funding:

Federal support will be eliminated unless dollar matching by the State of Texas is provided. With the growing population of Texas we will not be positioned to hire additional staff to address diabetes and chronic diseases within targeted populations; programs for limited-resource farmers and ranchers would reduce their chances for grants, loans and other assets to maintain their farm and ranch operations. Also if funding is not secured, the 4-H youth development program would minimize youths' opportunities to participate in community garden, science and leadership projects.

715 Prairie View A&M University

Special Item: 4 **TEXAS JUVENILE CRIME PREVENTION CENTER**

(1) Year Special Item: 1998
Original Appropriations: \$589,286

(2) Mission of Special Item:

To provide funding for the maintenance and operation of the Texas Juvenile Crime Prevention Center.

(3) (a) Major Accomplishments to Date:

Graduated 51 PhD, 175 Masters, and 1,812 Bachelors students; in-service training for 4,600 professionals in 65 counties; trained 672 Bexar, Harris, Travis & Waller county families to prevent school dropout; grants totaling \$85,000 for Parent Engagement training; quarterly free legal education to Waller and contiguous counties; annual Drug Awareness Symposium to 650+ students; grant/contract funded research from Department of Homeland Security (\$200,000), TX Department of Family & Protective Services (\$230,000), Governor's Office (\$68,391), and SAMHSA (\$900,000); published 300+ peer-reviewed articles; conducted focus groups with Waller County Community Planning Committee; published "Research Briefs" of empirical research for practitioners; provided technical assistance to community youth organizations; and served on state/county boards. Hosted 2,100+ individuals for Royce West Forum and Lecture Series; sponsored an annual research symposium with 2,000+ graduate and undergraduate students; hosted 6 Crime Prevention Conferences; published and distributed the peer-reviewed Journal of Knowledge and Best Practices in Juvenile Justice & Psychology since 2007; established Psychology Training Clinic and student resource and research labs, developed Student Ambassadors program; named the Judge Louis A. Bedford Courtroom as on-site fully functioning municipal and small claims courts for Waller county. Increased student scholarships and assistantships.

(3) (b) Major Accomplishments Expected During the Next 2 Years:

In addition, to continuing the existing programming mentioned in 3A we will expand the Royce Forum and Lecture Series, increase journal publications, create and undergraduate research publication, conduct a Waller County community needs assessment, increase research productivity and extramural funding, provide LSAT prep preparation for students, increase the number of in-service and other trainings for professionals, secure additional grants related to Juvenile Justice, offer FEMA Emergency training to surrounding counties, implement a research writing camp for emerging researches in Juvenile Justice, and support doctoral student training in advanced quantitative methods at the ICPSR summer institute in quantitative methods (University of Michigan).

(4) Funding Source Prior to Receiving Special Item Funding:

None

The non-general revenue statement from last time, which references the crime bill, remains the same.

(5) Formula Funding:

N

(6) Startup Funding:

N

715 Prairie View A&M University

(7) Transition Funding:

N

(8) Non-general Revenue Sources of Funding:

None

(9) Consequences of Not Funding:

The Center would close.

715 Prairie View A&M University

Special Item: 5 **COMMUNITY DEVELOPMENT**

(1) Year Special Item: 2002
Original Appropriations: \$150,000

(2) Mission of Special Item:

The Community Development funds support the Greater North Houston Youth Alliance (GNHYA) which sponsors youth programs and activities designed to address juvenile crime, drug abuse, and the high rate of school dropouts. Expand collaboration initiatives with Waller County community from Emergency Management training for elected County officials, community wide clean up and service learning initiatives, and community beautification project and design projects.

(3) (a) Major Accomplishments to Date:

In 2015-16, GNHYA awarded \$124,466 to 66 youth programs and activities serving approximately 2,500 disadvantaged youth throughout Houston. GNHYA successfully formed collaborative partnerships with nine (9) area schools and fifty-seven (57) community based youth organizations through programs providing prevention and intervention activities for at-risk youth. Successfully formed a three-way collaboration with Communities That Care (CTC) and Waller County aimed at using preventive sciences as its base to promote healthy youth development, improve youth outcomes, and reduce problem behaviors among the youth of Waller County, \$25,000 has been allocated to the initiative. Agreements in place with Waller ISD and Juvenile Justice facilities to provide prevention and intervention services for all youth in the area, including those determined to be at-risk.

(3) (b) Major Accomplishments Expected During the Next 2 Years:

GNHYA will continue to serve high risk youth in the Northwest Houston area by expanding partnerships with area schools and youth organizations. Provide after-school and summer enrichment programs aimed at promoting academic excellence and offering structured, supervised recreational and cultural activities that strengthen the body and mind. The Communities That Care (CTC) initiative will continue to provide prevention and intervention services throughout Waller County and expand their services into neighboring counties. One of the major initiatives will be to deliver evidenced based correctional and re-entry education to youth currently within the juvenile justice system.

(4) Funding Source Prior to Receiving Special Item Funding:

None

(5) Formula Funding:
N

(6) Startup Funding:
N

(7) Transition Funding:
N

715 Prairie View A&M University

(8) Non-general Revenue Sources of Funding:

None

(9) Consequences of Not Funding:

Loss of funding to support activities provided by Greater North Houston Youth Alliance and the Community that Care (CTC) initiative area youth will be increasingly exposed and prone to poor grades and low test scores, increased incidences of drug use, school dropout, juvenile delinquency, and crime.

715 Prairie View A&M University

Special Item: 6 **INSTITUTIONAL ENHANCEMENT**

(1) Year Special Item: 2000
Original Appropriations: \$2,757,506

(2) Mission of Special Item:

To supplement an institution's base funding for core academic operations.

(3) (a) Major Accomplishments to Date:

The Fall 2009 cohort 6-year graduation and persistence rate for students needing developmental education (N=820) is 42%. This rate is equal to the rate of Prairie View A&M University's peer institutions as defined by the Texas Higher Education Coordinating Board. During the Summer of 2015, PVAMU admitted 362 incoming freshmen needing developmental education into a summer bridge program. By the end of the Spring 2016 Semester, 75% (N=266) of those students exited developmental education. Hence, 75% of the students needing developmental education, who attended a Summer Bridge Program Summer 2015, exited developmental in one year. Increase in international student enrollment, increase in sponsored international students, and establishment of an international resource room for students (anticipated to be in place by the end of the fiscal year).

(3) (b) Major Accomplishments Expected During the Next 2 Years:

Increase the one year exit rate of freshmen not satisfying the Texas Success Initiative requirements to 70%, increase the passing rates of developmental education students mainstreaming into College Algebra to 60%, decrease the percentage of incoming freshmen identified as "Not College Ready" by the twentieth class day of their Fall Semester to 30%. Continued increases in international student enrollment and sponsored international students, increases in students participating in education abroad and the number of faculty-led programs offered (in an effort to enhance global competency and competitiveness of Prairie View A&M University students), increase in mutually beneficial international partnerships, and raise the recognition of Prairie View A&M University and Texas in international education and research.

(4) Funding Source Prior to Receiving Special Item Funding:

None

(5) Formula Funding:

N

(6) Startup Funding:

N

(7) Transition Funding:

N

715 Prairie View A&M University

(8) Non-general Revenue Sources of Funding:

None

(9) Consequences of Not Funding:

Removing funding will adversely impact the success rates of the students needing developmental education. Furthermore, it would have a devastating impact on the retention and graduation rates of the institution. Loss of funding or a reduction in funding would also have a severe negative impact on our efforts to increase international student enrollment, expand education abroad initiatives for our students, enhance our international research efforts, and to establish mutually beneficial international partnerships.

715 Prairie View A&M University

Special Item: 7 **UNIVERSITY REALIGNMENT**

(1) Year Special Item: 2012

Original Appropriations: \$50,000

(2) Mission of Special Item:

The University Realignment is used to fund costs associated with Prairie View A&M University's Academy for Collegiate Excellence and Student Success program, Research Apprentice Program, and Undergraduate Medical Academy, including participant related expenses and employee travel expenses.

(3) (a) Major Accomplishments to Date:

It provided a resident hall, on campus collegiate experience in summer 2015 and 2016 for thirteen days each. 74 high schoolers applied in summer 2015, with 33 accepted. 63% indicated they would likely pursue enrollment in college, while 28% indicated that they would pursue majors in Agriculture or STEM. In 2016, 115 applied, 34 were accepted and attended. 79% would pursue college with 34% pursuing Agriculture or STEM majors. 7 REAP 2015 participants have enrolled as freshmen at PV (3 Ag Majors).

(3) (b) Major Accomplishments Expected During the Next 2 Years:

Increase the number of participants who engage in formal and informal community-focused learn-by-doing experiences; increase the number of participants who are interested in attending and completing a four-year degree in Agriculture and related STEM disciplines; and develop an interdisciplinary approach to engaging participants in agricultural related activities.

(4) Funding Source Prior to Receiving Special Item Funding:

None

(5) Formula Funding:

N

(6) Startup Funding:

N

(7) Transition Funding:

N

(8) Non-general Revenue Sources of Funding:

None

715 Prairie View A&M University

(9) Consequences of Not Funding:

US has fallen behind other countries in preparing our students to be competitive in Agriculture and STEM related disciplines. In order to prepare our students early in their academic careers, universities here in the US, especially Texas and specifically schools like PVAMU, must lead efforts to engage our students early in their academic endeavors. This may involve directing students in the most appropriate career pathways that could not only well prepare our students to be competitive in the world.
