MINUTES

**REGULAR MEETING
BOARD OF REGENTS, THE TEXAS A&M UNIVERSITY SYSTEM**

August 20, 2020

CONVENE

Chairman Elaine Mendoza convened a regular meeting of the Board of Regents of The Texas A&M University System at 11:46 a.m., Thursday, August 20, 2020, in the Century Ballroom of the Doug Pitcock '49 Texas A&M Hotel & Conference Center, 177 Joe Routt Boulevard, College Station, Texas.

The following members of the Board were present:

Ms. Elaine Mendoza, Chairman
Mr. Tim Leach, Vice Chairman
Mr. Phil Adams
Mr. Robert L. Albritton
Mr. Jay Graham
Mr. Michael A. Hernandez III
Mr. Bill Mahomes
Mr. Michael J. Plank
Mr. Cahlen Cheatham, Student Regent

The following member of the Board was not present:

Mr. Clifton L. Thomas, Jr.

(Note: Mr. Cahlen Cheatham of Stephenville, Texas, was appointed Student Regent of The Texas A&M University System by Governor Greg Abbott effective June 17, 2020. He replaced Mr. Levi McClenny of College Station, Texas.)

RECESS TO EXECUTIVE SESSION

Chairman Mendoza announced that the Board would recess to executive session as permitted by Chapter 551, Sections 71, 72, 73, 74 and 76 of the Texas Government Code. She said in accordance with the law, no final action, decision or vote with regard to any matter considered in executive session would be made or taken.

(Note: The Board met in executive session from 11:48 a.m. until 3:34 p.m.)

RECONVENE

Chairman Mendoza reconvened the meeting in open session at 4:02 p.m. with a quorum present.

INVOCATION

Chairman Mendoza called on Mr. Andrew Christjoy, a Texas A&M University student pursuing a doctoral degree in Communication, from Coppell, Texas, who presented the invocation.

CHAIRMAN’S REMARKS

Chairman Mendoza recognized Student Regent Cahlen Cheatham, recently appointed by Governor Greg Abbott. She said he was a first-generation college student and double major pursuing a Bachelor of Science degree in Agribusiness and Economics at Tarleton State University. In March 2020, Mr. Cheatham was elected Tarleton’s Student Body President. She said after graduation, he planned to attend law school and practice law in the agricultural or corporate sector. She remarked that the Board looked forward to the upcoming year with Student Regent Cheatham.

Chairman Mendoza said they were all making campus adjustments as they reopened amid the COVID pandemic. Chairman Mendoza thanked Chancellor Sharp, his leadership team and the presidents and agency directors for the many months of planning that went into reopening safely. She said they were committed to a safe environment for staff, faculty and students and providing a quality education as they begin the new academic year.

Chairman Mendoza said the agenda included the “Community Report: Progress Update, Reflections and Updates to the Strategic Plan.” She said the COVID-19 pandemic had reinforced the importance of strategic planning to the preservation of the A&M System. She added that their commitment to planning before this crisis allowed them to ask the right questions, develop correct tools and make the necessary investments to move quickly and effectively to serve Texas, the United States and the world. Chairman Mendoza said updating the 2016 Strategic Plan was a long process that allowed them to assess their strategic progress so far, reflect on the plan’s ambitions, amend the plan for the future so they could continue to grow, and document how they would use the plan to achieve their goals. She stated that revising the plan in this way was further evidence that the Board of Regents viewed the strategic plan as a living document that they were committed to monitoring and adjusting as needed. She said they would continue to measure progress against the imperatives and hold the A&M System administration and institutional leadership accountable toward those goals. Chairman Mendoza advised that the Board had given a lot of time to the strategic plan, individually and collectively, and expressed her appreciation.

CHANCELLOR’S REMARKS

Chancellor Sharp stated that before he listed the A&M System’s accomplishments he wanted to thank the faculty and staff of the A&M System. He said their efforts to adjust and continually provide top-notch educational opportunities online and in person were nothing less than heroic during this pandemic and they would never forget this year.

Chancellor Sharp highlighted accomplishments of the A&M System (a copy of his remarks are on file in the Office of the Board of Regents).

COVID-19 UPDATE

Mr. Billy Hamilton, Deputy Chancellor and Chief Financial Officer, said Chairman Mendoza and Chancellor Sharp’s comments framed their commitment to having campuses open and remaining open. He noted that this past spring, Chancellor Sharp said whether they opened in the summer or in the fall -- they would reopen and needed to plan. A copy this update in on file in the Office of the Board of Regents.

PRESENTATION OF RESOLUTION

Chairman Mendoza said she wanted to take Item 5.1 out of order, and called on Ms. Jenny Jones, Vice Chancellor for Governmental Relations, who presented the item (Adoption of a Resolution Honoring the Memory of The Honorable John Otto).

Chancellor Sharp said it could not be overstated what Mr. Otto had done for Texas A&M while he was in the Legislature. He said he had a unique ability to recognize the needs for Texas A&M and a unique position to ensure that it happened. Chancellor Sharp emphasized that there was none better than Mr. Otto and he would be missed. Chancellor Sharp said they were thankful for what he and his wife, Nancy, brought to the A&M System, particularly Texas A&M.

Mrs. Otto thanked Chairman Mendoza and the Regents for this resolution, and said of all the accolades Mr. Otto received, she knew he would have been most proud of this one.

Chairman Mendoza said they greatly appreciated Mr. and Mrs. Otto and all the hours spent with Texas A&M. She noted that he would not be forgotten; his impact was immeasurable. She thanked Mrs. Otto and her family for their dedication and service to not only Texas A&M, but also to the state. She said she was sure they had sacrificed family time and appreciated her efforts to support Mr. Otto in his work. She added that they would always remember him fondly.

On motion of Regent Adams, seconded by Regent Graham, and by a unanimous vote, the following resolution was approved (121):

~~~~~

**MINUTE ORDER 121-2020 (ITEM 5.1)**

**ADOPTION OF A RESOLUTION HONORING THE  
MEMORY OF THE HONORABLE JOHN C. OTTO  
FOR HIS EXTRAORDINARY CONTRIBUTIONS TO  
THE TEXAS A&M UNIVERSITY SYSTEM AND THE STATE OF TEXAS,  
THE TEXAS A&M UNIVERSITY SYSTEM**

The Board of Regents of The Texas A&M University System adopted the resolution set forth in the attached exhibit.

~~~~~

REPORT ON SYSTEM DIVERSITY, EQUITY & INCLUSION SUMMIT

Chairman Mendoza called on Dr. Hallmark and Dr. Lavelle Hendricks, Associate Professor in Counseling, Texas A&M University-Commerce, who presented a report on the A&M System Diversity, Equity & Inclusion Summit. Dr. Hendricks congratulated Chairman Mendoza on being a trendsetter in Texas, and for what she was doing to enable young women throughout the nation to rise to the top. He said to the Regents of the A&M System and Chancellor Sharp, as poet Dr. Maya Angelou said, “In diversity there is beauty and there is strength.” He advised that the A&M System had made significant steps in serving all Texans in recent years. Dr. Hendricks said they enrolled students from every walk of life, and each university had an extensive student success program to assist all students. He added that they had made great strides, but they needed to do more. He said success in a global society depended on students’ intercultural connections to understand the unique needs of a world different from just five years ago. A copy of Dr. Hendricks report is on file in the Office of the Board of Regents.

Chairman Mendoza thanked Dr. Hendricks for his report and presence at the meeting. She said the Board appreciated his leadership at A&M-Commerce and across the A&M System for the all-important work of helping underrepresented students succeed. She noted that they looked forward to hearing more on this work. Chairman Mendoza thanked Chancellor Sharp on his vision of supporting, enabling, promoting and funding this summit.

RECESS AND RECONVENE

Chairman Mendoza recessed the meeting at 4:59 p.m.

(Note: On Wednesday, August 19, the Committee on Academic and Student Affairs convened at 9:04 a.m. and adjourned at 10:00 a.m. The Committee on Buildings and Physical Plant convened at 10:08 a.m. and adjourned at 11:45 a.m. On Thursday, August 20, the Committee on Finance convened at 5:00 p.m. and adjourned at 5:26 p.m. The Committee on Audit convened at 5:27 p.m. and adjourned at 5:37 p.m.).

Chairman Mendoza reconvened the meeting at 5:38 p.m.

REPORT FROM THE COMMITTEE ON ACADEMIC AND STUDENT AFFAIRS

Chairman Mendoza announced that she had the honor of chairing the committee meeting on August 19, 2020. She said the committee meeting focused on COVID-19, and Dr. Hallmark led a panel discussion on the A&M System universities’ experiences with COVID-19. The panel included Dr. Hallmark, Dr. James Palmer, Provost and Senior Vice President for Academic Affairs, Prairie View A&M University, Dr. Daniel Pugh, Vice President for Student Affairs, Texas A&M, Ms. Brandy McLelland, Vice President for Enrollment Management, Texas A&M University-San Antonio, and Mr. Eric Mendoza, Student Body President at Texas A&M, and President of the Chancellor’s Student Advisory Council. She advised that Mr. Mendoza, in his role as student leader, received many of the questions, and it was a wonderful session.

REPORT FROM THE COMMITTEE ON FINANCE

Regent Albritton, Chairman of the Committee on Finance, said the committee had met earlier the same day, and considered Item 1.1 through Item 1.4. He noted that Item 1.1 and Item 1.2 related to the FY 2021 operating budgets, and Item 1.3 and Item 1.4 related to the A&M System’s overall debt program. He said the committee recommended approval of the items to the full Board.

On motion of Regent Albritton, seconded by Regent Hernandez, and by a unanimous vote, the following minute orders were approved (122 through 125):

~~~~~

**MINUTE ORDER 122-2020 (ITEM 1.1)**

**APPROVAL OF FISCAL YEAR 2021  
SERVICE DEPARTMENT ACCOUNTS,  
THE TEXAS A&M UNIVERSITY SYSTEM**

The service department accounts for the members of The Texas A&M University System for the fiscal year ending August 31, 2021, included in the exhibit, are hereby approved subject to the provisions contained in System Regulation 21.01.05, Service Departments or Centers.

**MINUTE ORDER 123-2020 (ITEM 1.2)**

**APPROVAL OF  
FISCAL YEAR 2021 OPERATING BUDGETS,  
THE TEXAS A&M UNIVERSITY SYSTEM**

The operating budgets, included in the exhibit, as submitted by the members of The Texas A&M University System for the fiscal year ending August 31, 2021, are hereby approved and adopted subject to the provisions contained in System Policy 27.04 (Budget Authorizations, Limitations and Delegations of Authority). All funds budgeted for faculty and/or staff retention plans will be set aside in a reserve pending the Chancellor’s approval to proceed. A final decision regarding the use of such funds will be made after sufficient additional information becomes available regarding the overall financial impact related to the COVID-19 pandemic, fall 2020 enrollment, and the economic outlook of the upcoming biennium.

The Board of Regents of The Texas A&M University System (Board) reasonably expects to incur debt in one or more obligations for this project, and all or a portion of the proceeds received from the sale of such obligations is reasonably expected to be used to reimburse the account(s) for amounts previously appropriated and/or expended from such account(s).

As required by Section 5(a) of the Master Resolution of the Revenue Financing System, the Board hereby determines that it will have sufficient funds to meet the financial obligations of The Texas A&M University System, including sufficient Pledged Revenues to satisfy the Annual Debt Service Requirements of the Revenue Financing System and to meet all financial obligations of the Board relating to the Revenue Financing System and that the Participants, on whose behalf the debt is issued, possess the financial capacity to satisfy their Direct Obligations.

**MINUTE ORDER 124-2020 (ITEM 1.3)**

**ADOPTION OF A RESOLUTION AUTHORIZING  
THE ISSUANCE OF THE BOARD OF REGENTS  
OF THE TEXAS A&M UNIVERSITY SYSTEM  
PERMANENT UNIVERSITY FUND BONDS,  
THE TEXAS A&M UNIVERSITY SYSTEM**

The resolution authorizing the issuance of the Board of Regents of The Texas A&M University System Permanent University Fund Bonds, substantially in the form of the attached exhibit, is adopted. The Chief Investment Officer and Treasurer, or other designated financial officer, is hereby authorized to take such actions as are necessary to accomplish the purposes of the resolution, including those relating to the issuance, sale, security and delivery of the bonds, all in accordance with the provisions of the resolution.

**MINUTE ORDER 125-2020 (ITEM 1.4)**

**ADOPTION OF A RESOLUTION AUTHORIZING  
THE ISSUANCE OF THE BOARD OF REGENTS  
OF THE TEXAS A&M UNIVERSITY SYSTEM  
REVENUE FINANCING SYSTEM BONDS,  
THE TEXAS A&M UNIVERSITY SYSTEM**

The resolution authorizing the issuance of the Board of Regents of The Texas A&M University System Revenue Financing System Bonds, substantially in the form of the attached exhibit, is adopted. The Chief Investment Officer and Treasurer, or other designated financial officer, is hereby authorized to take such actions as are necessary to accomplish the purposes of the resolution, including those relating to the issuance, sale, security and delivery of the bonds, all in accordance with the provisions of the resolution.

~~~~~

REPORT FROM THE COMMITTEE ON AUDIT

Regent Adams, Chairman of the Committee on Audit, said the committee met earlier the same day and received three reports. He added that the committee approved Item 2.1 and recommended approval to the full Board.

On motion of Regent Adams, seconded by Regent Graham, and by a unanimous vote, the following minute order was approved (126):

~~~~~

**MINUTE ORDER 126-2020 (ITEM 2.1)**

**APPROVAL OF  
SYSTEM INTERNAL AUDIT PLAN FOR FISCAL YEAR 2021,  
THE TEXAS A&M UNIVERSITY SYSTEM**

The Board of Regents of The Texas A&M University System hereby approves the System Internal Audit Plan for Fiscal Year 2021, a copy of which is attached to the official minutes.

~~~~~

REPORT FROM THE COMMITTEE ON BUILDINGS AND PHYSICAL PLANT

Regent Mahomes, Chairman of the Committee on Buildings and Physical Plant, reported that the committee met the previous day. He said eight construction items and the System Capital Plan for FY 2021 - 2025 were presented for approval. He noted that the committee recommended approval of Items 3.1 through 3.9.

On motion of Regent Mahomes, seconded by Regent Adams, and by a unanimous vote, the following minute orders were approved (127 through 135):

~~~~~

**MINUTE ORDER 127-2020 (ITEM 3.1)**

**APPROVAL OF  
SYSTEM CAPITAL PLAN FOR FY 2021 – FY 2025,  
THE TEXAS A&M UNIVERSITY SYSTEM**

The system capital plan for FY 2021 - FY 2025, as shown in the attached exhibit, is approved and authorization to appropriate up to 10 percent of the planning amount indicated for all FY 2021 proposed projects is granted. In addition, the appropriation of PUF and RFS funding is approved for FY 2021 minor construction, rehabilitation/renovation, and equipment/software procurement projects administered by the institutions or System Facilities Planning and Construction.

The Board of Regents of The Texas A&M University System (Board) reasonably expects to incur debt in one or more obligations for these projects, and all or a portion of the proceeds received from the sale of such obligations is reasonably expected to be used to reimburse the account(s) for amounts previously appropriated and/or expended from such account(s).

To the extent that the system capital plan identifies projects for financing through the issuance of parity obligations secured by and payable from revenues of the Revenue Financing System, and as required by Section 5(a) of the Master Resolution of the Revenue Financing System, the Board hereby determines that it will have sufficient funds to meet the financial obligations of The Texas A&M University System, including sufficient pledged revenues to satisfy the annual debt service requirements of the Revenue Financing System and to meet all financial obligations of the Board relating to the Revenue Financing System and that the participants, on whose behalf the parity obligations are issued, possess the financial capacity to satisfy their direct obligations after taking into account such proposed additional Revenue Financing System parity obligations as are identified in the system capital plan.

**MINUTE ORDER 128-2020 (ITEM 3.2)**

**APPROVAL OF THE PROJECT SCOPE AND BUDGET,  
APPROPRIATION FOR CONSTRUCTION SERVICES, AND APPROVAL  
FOR CONSTRUCTION FOR THE INSTRUCTIONAL LABORATORY &  
INNOVATIVE LEARNING BUILDING (ILSQ) PROJECT (NO. 02-3272),  
TEXAS A&M UNIVERSITY, COLLEGE STATION, TEXAS,  
THE TEXAS A&M UNIVERSITY SYSTEM**

The project scope along with a project budget of \$100,000,000 for the Instructional Laboratory & Innovative Learning Building (ILSQ) Project is approved.

The amount of \$71,500,000 is appropriated from Account No. 01-083540, Revenue Financing System Debt Proceeds (Designated Tuition), the amount of \$15,000,000 is appropriated from Account No. 01-085660 Permanent University Fund Debt Proceeds, (AUF), and the amount of \$5,000,000 is appropriated from Account No. 01-084243 Permanent University Fund Debt Proceeds (AUF), for construction services and related project costs.

The Instructional Laboratory & Innovative Learning Building (ILSQ) Project, Texas A&M University, College Station, Texas, is approved for construction.

The Board of Regents of The Texas A&M University System (Board) reasonably expects to incur debt in one or more obligations for this project, and all or a portion of the proceeds received from the sale of such obligations is reasonably expected to be used to reimburse the account(s) for amounts previously appropriated and/or expended from such account(s).

As required by Section 5(a) of the Master Resolution of the Revenue Financing System, the Board hereby determines that it will have sufficient funds to meet the financial obligations of The Texas A&M University System, including sufficient Pledged Revenues to satisfy the Annual Debt Service Requirements of the Revenue Financing System and to meet all financial obligations of the Board relating to the Revenue Financing System and that the Participants, on whose behalf the debt is issued, possess the financial capacity to satisfy their Direct Obligations.

**MINUTE ORDER 129-2020 (ITEM 3.3)**

**APPROVAL OF THE PROJECT SCOPE AND BUDGET,  
APPROPRIATION FOR CONSTRUCTION SERVICES,  
AND APPROVAL FOR CONSTRUCTION FOR THE  
AQUATICS CENTER PROJECT (NO. 04-3264),  
TARLETON STATE UNIVERSITY, STEPHENVILLE, TEXAS,  
THE TEXAS A&M UNIVERSITY SYSTEM**

The project scope along with a project budget of \$11,307,950 for the Aquatics Center Project is approved.

The amount of \$9,000,000 is appropriated from Account No. 01-083540, Revenue Financing System Debt Proceeds (University Service Fees), the amount of \$307,950 is appropriated from Account No. 01-083540, Revenue Financing System Debt Proceeds (Parking Revenue), and the amount of \$1,000,000 is appropriated from Account No. 04-201999 USF – Capital Reserve, for construction services and related project costs.

The Aquatics Center Project, Tarleton State University, Stephenville, Texas, is approved for construction.

The Board of Regents of The Texas A&M University System (Board) reasonably expects to incur debt in one or more obligations for this project, and all or a portion of the proceeds received from the sale of such obligations is reasonably expected to be used to reimburse the account(s) for amounts previously appropriated and/or expended from such account(s).

As required by Section 5(a) of the Master Resolution of the Revenue Financing System, the Board hereby determines that it will have sufficient funds to meet the financial obligations of The Texas A&M University System, including sufficient Pledged Revenues to satisfy the Annual Debt Service Requirements of the Revenue Financing System and to meet all financial obligations of the Board relating to the Revenue Financing System and that the Participants, on whose behalf the debt is issued, possess the financial capacity to satisfy their Direct Obligations.

**MINUTE ORDER 130-2020 (ITEM 3.4)**

**APPROVAL OF THE PROJECT SCOPE AND BUDGET,  
APPROPRIATION FOR CONSTRUCTION SERVICES,  
AND APPROVAL FOR CONSTRUCTION FOR THE  
AMARILLO CENTER PHASE III PROJECT (NO. 18-3313),  
WEST TEXAS A&M UNIVERSITY, AMARILLO, TEXAS,  
THE TEXAS A&M UNIVERSITY SYSTEM**

The project scope along with a project budget of \$7,003,500 for the Amarillo Center Phase III Project is approved.

The amount of \$2,600,000 is appropriated from Account No. 01-083540 Revenue Financing System Debt Proceeds (HEF), the amount of \$1,400,000 is appropriated from Account No. 01-083540 Revenue Financing System Debt Proceeds (Interest Income), \$1,953,500 from Account No. 18-225016 Unallocated Interest Income, and \$500,000 from Account No. 18-155309 HEAF, for construction services and related project costs.

The Amarillo Center Phase III Project, West Texas A&M University, Amarillo, Texas, is approved for construction.

The Board of Regents of The Texas A&M University System (Board) reasonably expects to incur debt in one or more obligations for this project, and all or a portion of the proceeds received from the sale of such obligations is reasonably expected to be used to reimburse the account(s) for amounts previously appropriated and/or expended from such account(s).

As required by Section 5(a) of the Master Resolution of the Revenue Financing System, the Board hereby determines that it will have sufficient funds to meet the financial obligations of The Texas A&M University System, including sufficient Pledged Revenues to satisfy the Annual Debt Service Requirements of the Revenue Financing System and to meet all financial obligations of the Board relating to the Revenue Financing System and that the Participants, on whose behalf the debt is issued, possess the financial capacity to satisfy their Direct Obligations.

**MINUTE ORDER 131-2020 (ITEM 3.5)**

**APPROVAL OF THE PROJECT SCOPE AND BUDGET,  
APPROPRIATION FOR CONSTRUCTION SERVICES, AND

TEXAS A&M UNIVERSITY**

The project scope along with a project budget up to \$8,000,000 for the ESCO 2021 Project is approved.

The amount up to \$8,000,000 is appropriated from Account No. 01-083540 Revenue Financing System Debt Proceeds, (Energy Savings), for pre-construction services, construction services and related project costs.

The ESCO 2021 Project, Texas A&M University at Galveston, Galveston, Texas, is approved for construction.

The Board of Regents of The Texas A&M University System (Board) reasonably expects to incur debt in one or more obligations for this project, and all or a portion of the proceeds received from the sale of such obligations is reasonably expected to be used to reimburse the account(s) for amounts previously appropriated and/or expended from such account(s).

As required by Section 5(a) of the Master Resolution of the Revenue Financing System, the Board hereby determines that it will have sufficient funds to meet the financial obligations of The Texas A&M University System, including sufficient Pledged Revenues to satisfy the Annual Debt Service Requirements of the Revenue Financing System and to meet all financial obligations of the Board relating to the Revenue Financing System and that the Participants, on whose behalf the debt is issued, possess the financial capacity to satisfy their Direct Obligations.

~~~~~

ADDITIONAL ITEMS CONSIDERED BY THE BOARD

Chairman Mendoza presented Item 5.2.

On motion of Vice Chairman Leach, seconded by Regent Adams, and by a unanimous vote, the following minute order was approved (136):

~~~~~

**MINUTE ORDER 136-2020 (ITEM 5.2)**

**APPROVAL OF THE COMMUNITY REPORT: PROGRESS UPDATE,  
REFLECTIONS AND UPDATES TO THE STRATEGIC PLAN,  
THE TEXAS A&M UNIVERSITY SYSTEM**

The Board of Regents of The Texas A&M University System approves the Community Report: Progress Update, Reflections and Updates to the Strategic Plan, as shown in the attached exhibit.

~~~~~

Chairman Mendoza presented Item 5.3, appointment of Ms. Janeen Judah to the University Lands Advisory Board (ULAB). She noted that the A&M System had three positions on this board, Regent Graham, Dr. Jeff Spath, and Mr. Mark Albers. She said Mr. Albers had requested that he not be considered for re-appointment to the ULAB board, and they owed him much gratitude for serving on this board the past few years. Chairman Mendoza advised that Ms. Judah, recently retired from Chevron Corporation, was an oil and gas industry leader with over 35 years of operational, managerial and environmental experience. She said Ms. Judah had a bachelor and master's degree in petroleum engineering from Texas A&M, a MBA from the University of Texas of the Permian Basin, a Juris Doctorate from the University of Houston Law Center, and was a Texas registered professional engineer and member of the Texas Bar. Chairman Mendoza thanked Regent Graham and Vice Chairman Leach for identifying this spectacular candidate.

On motion of Regent Albritton, seconded by Regent Graham, and by a unanimous vote, the following minute order was approved (137):

~~~~~

**MINUTE ORDER 137-2020 (ITEM 5.3)**

**APPOINTMENT OF MS. JANEEN S. JUDAH  
TO THE UNIVERSITY LANDS ADVISORY BOARD,  
THE TEXAS A&M UNIVERSITY SYSTEM**

Effective immediately, Ms. Janeen S. Judah is hereby appointed to serve as a member of the University Lands Advisory Board for a term to expire on April 1, 2022, or until a replacement is named.

~~~~~

Chairman Mendoza announced that Items 5.4 through 5.9 were considered in executive session.

On motion of Regent Hernandez, seconded by Regent Plank, and by a unanimous vote, the following minute orders were approved (138 through 143):

~~~~~

**MINUTE ORDER 138-2020 (ITEM 5.4)**

**AUTHORIZATION TO SETTLE CLAIMS RELATING TO  
IMPERIAL CONSTRUCTION, INC. V. THE BOARD OF REGENTS  
OF THE TEXAS A&M UNIVERSITY SYSTEM, ET AL,  
THE TEXAS A&M UNIVERSITY SYSTEM**

The Chancellor of The Texas A&M University System, or designee, is authorized to negotiate and execute a settlement agreement to settle the litigation matter, Imperial Construction, Inc. v. The Board of Regents of The Texas A&M University System, et al., Cause No. 19-001424-CV-361, 361st District Court of Brazos County, related to Property Damage to Tarleton State University Fine Arts Building. The Chancellor, or designee, is further authorized to take other actions and execute other agreements as necessary to effectuate and implement the settlement.

**MINUTE ORDER 139-2020 (ITEM 5.5)**

**AUTHORIZATION TO SETTLE  
CONTRACTUAL DISPUTE WITH FLORIDA STATE UNIVERSITY,  
THE TEXAS A&M UNIVERSITY SYSTEM**

The President of Texas A&M University, or designee, is authorized to negotiate and execute a settlement agreement with Florida State University to resolve the contractual dispute between Texas A&M University and Florida State University, subject to review for legal sufficiency by the Office of General Counsel. The President, or designee, is further authorized to take other actions as necessary to effectuate and implement the settlement.

**MINUTE ORDER 140-2020 (ITEM 5.6)**

**AUTHORIZATION FOR THE PRESIDENT TO  
NEGOTIATE AND EXECUTE AN EMPLOYMENT CONTRACT  
WITH MEN’S BASKETBALL COACH BYRON SMITH,  
PRAIRIE VIEW A&M UNIVERSITY**

Authority is hereby granted to the President of Prairie View A&M University to negotiate and execute an employment contract, upon review for legal form and sufficiency by the Office of General Counsel, with the following person:

Men’s Basketball Coach - Byron Smith

**MINUTE ORDER 141-2020 (ITEM 5.7)**

**AUTHORIZATION TO PURCHASE PROPERTY LOCATED AT  
1920 W. SLOAN IN STEPHENVILLE, ERATH COUNTY, TEXAS,  
TARLETON STATE UNIVERSITY**

The Board of Regents of The Texas A&M University System, having found a legitimate public purpose for the expenditure of funds for the purchase of property located at 1920 W. Sloan in Stephenville, Erath County, Texas, that there are adequate controls in place to ensure that the public purpose is accomplished, and that the consideration received in purchasing the Property is adequate, authorizes the Chancellor of The Texas A&M University System, or designee, following a review for legal sufficiency by the Office of General Counsel, to execute and deliver all documents, and to take all other actions, necessary to purchase the land and improvements located at 1920 W. Sloan in Stephenville, Erath County, Texas.

**MINUTE ORDER 142-2020 (ITEM 5.8)**

**AUTHORIZATION TO NEGOTIATE AND EXECUTE A  
LEASE FOR THE OPERATION OF AN OYSTER RESOURCE  
& RECOVERY CENTER NEAR THE CAMPUS OF  
TEXAS A&M UNIVERSITY-CORPUS CHRISTI, IN NUECES COUNTY, TEXAS,  
TEXAS A&M UNIVERSITY-CORPUS CHRISTI**

The Chancellor of The Texas A&M University System, or designee, following legal review by the Office of General Counsel, is authorized to negotiate, execute and deliver a lease agreement for the operation of an Oyster Resource & Recovery Center near the campus of Texas A&M University-Corpus Christi, in Nueces County, Texas, and to take any and all additional action and execute any and all ancillary documents deemed necessary to consummate the transaction.

**MINUTE ORDER 143-2020 (ITEM 5.9)**

**AUTHORIZATION TO PURCHASE LAND AND IMPROVEMENTS  
IN STRATEGIC LOCATIONS ACROSS THE STATE,  
TEXAS DIVISION OF EMERGENCY MANAGEMENT**

The Chancellor of The Texas A&M University System, or designee, following a review for legal sufficiency by the Office of General Counsel and verification of available funds by the Deputy Chancellor and Chief Financial Officer, is authorized to take all steps necessary to negotiate, execute and deliver all documents, and to take all other actions necessary to make multiple purchases of land and improvements identified by the Texas Division of Emergency Management for the management and storage of strategic supplies, equipment, resources, and other commodities. Total combined expenditure for the purchases is not to exceed \$50 Million.

~~~~~

CONSENT AGENDA ITEMS

Chairman Mendoza presented Items 6.1 through 6.19, and Items 6.21 through 6.38.

On motion of Regent Adams, seconded by Vice Chairman Leach, and by a unanimous vote, the following minute orders were approved (144 through 180):

~~~~~

**MINUTE ORDER 144-2020 (ITEM 6.1)**

**APPROVAL OF MINUTES  
FROM THE MAY 14, 2020, REGULAR BOARD MEETING;

~~~~~

ANNOUNCEMENTS

Chairman Mendoza advised that the next regularly scheduled Board meeting was November 11-13, 2020, in Bryan-College Station.

ADJOURN

There being no further business, Chairman Mendoza asked for a motion to adjourn. On motion of Regent Plank, seconded by Regent Mahomes, the meeting was adjourned at 5:44 p.m.

Vickie Burt Spillers
Executive Director, Board of Regents

(Minutes transcribed by Gwen Kirby, Office of the Board of Regents.)

Resolution

WHEREAS, Mr. John C. Otto grew up in Dayton, Texas and, after graduating from Dayton High School in 1966, enrolled at Texas A&M University, graduating with a Bachelor of Business Administration accounting degree in 1970. After graduation, Mr. Otto was commissioned as a second lieutenant in the United States Army at Fort Benjamin Harrison; and

WHEREAS, Mr. Otto, during his senior year at Texas A&M University, was selected head drum major of the Fightin' Texas Aggie Band, and was president of the Texas Aggie Band Association, and in December 1969, prior to his last semester at Texas A&M University, married his childhood sweetheart, the former Nancy Whitman, and became the proud father of two sons, Bryan Otto and Jason Otto, and devoted grandfather to three grandchildren; and

WHEREAS, Mr. Otto was a certified public accountant for over 40 years, owning a private practice in Dayton until retiring from the business in 2012, and prior to his election to the Texas House, served as a member of the Dayton City Council, the Dayton ISD Board of Trustees, the Liberty County Central Appraisal District Board of Directors, the Dayton Chamber of Commerce and the Dayton Community Development Corporation; and

WHEREAS, Mr. Otto was elected to six terms in the Texas House of Representatives, from 2005 until January 9, 2017, representing House District 18, and in 2005 was named "Freshman of the Year" by the House Republican Caucus, "Rookie of the Year" by Texas Monthly magazine, and "Most Valuable Freshman" by Capitol Inside, and was named to Texas Monthly's "Ten Best Legislators" list in 2009 and 2015, and in 2011 was the recipient of the "Citizen of the Year" award from the Liberty-Dayton Area Chamber of Commerce; and

WHEREAS, Mr. Otto, in 2008 as the chairman of the House Select Committee on Property Tax Relief and Appraisal Reform, was instrumental in authoring and securing passage of property tax reforms, which earned him the "Legislative Achievement Award" from the Texas Taxpayers and Research Association, and having also served as vice chairman of the House Ways and Means Committee and Budget Conference committees; and

WHEREAS, Mr. Otto was a fierce champion for over a decade for local CASA programs, authoring HB2, the state Supplemental Appropriations Bill, supporting a \$4.8 million increase in CASA funding as chair of the House Appropriations Committee; and

WHEREAS, Mr. Otto, after beginning his service on the House Appropriations Committee in 2007, achieved his lifelong goal of being selected to serve as chair of the Committee, where he presided over the creation of a responsible and more transparent budget that recognized and funded the needs and demands of a growing state, and worked to improve the lives of all Texans; and

WHEREAS, Mr. Otto initiated and established, through the budget process, the Texas Research University Fund to provide performance-based support for the state's public national research universities, which currently provides over \$147 million in the biennium in support for Texas A&M University and the University of Texas at Austin; and

WHEREAS, Mr. Otto continued his service to the state of Texas, accepting a position with The Texas A&M University System as the Assistant Vice Chancellor and Director of Local Government Relations, serving in this position since 2016, and in this position he played a critical role in several key Texas A&M University System initiatives in the 2019 session, including \$55 million in student equity support for Texas A&M University, \$50 million in funding for the Innovation Proving Ground at RELIS for Army Futures Command, and backing for the Texas A&M University at Galveston Pelican Bridge Project; and

WHEREAS, Mr. Otto's accomplishments as a legislator and his commitment as an employee of The Texas A&M University System to support the core mission of teaching, research and service of all Texas A&M University System entities are unparalleled; now, therefore, be it

RESOLVED, that The Texas A&M University System is proud to recognize Mr. John C. Otto as a transformative leader for Texas who improved the lives of countless Texans and their families; and, be it, further

RESOLVED, that in honor of a man *tough enough, proud enough and good enough to be a "Noble Man of Kyle,"* that the Fightin' Texas Aggie Band head drum major mace be dedicated to and permanently named the John C. Otto '70 Head Drum Major Mace; and, be it, further

RESOLVED, that this resolution be included in the minutes, and official copies thereof be signed by the Chairman of the Board of Regents of The Texas A&M University System, and be presented to his wife, Mrs. Nancy Otto, and to the Archives of The Texas A&M University System as a permanent mark of the respect of this Board of Regents for the late John C. Otto's lifetime of dedicated service and the impact he had on Texas and its people, and as a token of this Board of Regents' sympathy in his family's great loss.

ADOPTED, this 20th day of August 2020.

System Internal Audit Department Fiscal Year 2021 Audit Plan

The purpose of the audit plan is to outline audits and other activities the System Internal Audit Department will conduct during fiscal year 2021. The plan is developed to satisfy responsibilities established by the Board of Regents Bylaws, System Policy 10.01 *Internal Auditing*, Texas Government Code Section 2102.008, and applicable auditing standards. The Chief Auditor is authorized to make changes to the plan to address changes in identified risks. The Committee on Audit and the Chancellor will be notified of any significant additions, deletions, or other changes to the audit plan. Deliverables for planned audits may include audit reports, technical assistance, data analysis, and other written and oral communications.

The specific scope of each audit will be determined once the audit team has completed the planning process for the audit. This process includes consideration of the governance, risk management, and control processes that provide reasonable assurance that:

- Risks relating to the achievement of the system's strategic objectives are appropriately identified and managed.
- The actions of the system's officers, directors, employees, and contractors are in compliance with the system's policies, procedures, and applicable laws, regulations, and governance standards.
- The results of operations or programs are consistent with established goals and objectives.
- Operations or programs are being carried out effectively and efficiently.
- Established processes and systems enable compliance with the policies, procedures, laws, and regulations that could significantly impact the system.
- Information and the means used to identify, measure, analyze, classify, and report such information are reliable and have integrity.
- Resources and assets are acquired economically, used efficiently, and protected adequately.

**FY 2021 – FY 2025
Capital Plan
August 2020**

EXECUTIVE SUMMARY

Members of The Texas A&M University System each prepare a five-year capital plan as part of the overall planning process. These plans are then compiled into a System Capital Plan. Both the CEO and CFO of each system member certify the information included in the system member's capital plan including the adequacy of the debt repayment revenue resources.

The \$2.2 billion System Capital Plan includes \$1.5 billion of previously approved projects that are either in design or under construction and \$676.8 million in proposed future projects. After cumulative expenditures through April 2020 of \$305.4 million, the remaining balance to be expended on approved projects is \$1.2 billion. Included in the proposed future projects are \$162.9 million of Revenue Financing System debt projects, \$89.5 million of Permanent University Fund debt projects, and \$424.4 million of projects to be funded by cash sources including the Available University Fund, Higher Education Fund, energy savings contracts, interest income, federal grants, designated tuition, gifts, student fees, auxiliary enterprise funds, general revenue, and other local funds.

Fiscal year 2021 proposed projects total \$146.6 million and include \$47.2 million of RFS debt projects, \$82.9 million of PUF debt projects, and \$16.5 million of projects to be funded by cash sources including AUF, HEF, energy savings contracts, interest income, federal grants, designated tuition, gifts, auxiliary enterprise funds, general revenue, and other local funds.

The Texas A&M University System Board of Regents

COMMUNITY REPORT:
Progress Update, Reflections and
Updates to the Strategic Plan

August 2020

Contents

I. Our Strategic Plan Progress	4
II. Our Reflections on the Plan’s Ambitions.....	12
III. Our Revisions for the Future	14
IV. How We Will Use the Plan in the Future	15

Dear Members of The Texas A&M University System Community:

It has been four years since we revealed the strategic plan for The Texas A&M University System in 2016. This report allows us to (1) pause and assess our strategic plan progress to date, (2) reflect on the plan's ambitions, (3) amend the plan for the future so we can continue to grow and (4) document how we will use the plan to achieve our goals going forward. We are excited about the opportunity to evaluate our progress and share both how much we've accomplished as a System over the past four years and where we still need to improve.

The 2019–2020 academic year brought the unprecedented challenge of the COVID-19 pandemic. Our System showed resolve and resilience in responding to the events surrounding the pandemic, making difficult decisions guided by our unwavering commitment to serve the state of Texas and the world. Our response to the pandemic is a testament to our ability to innovate and overcome complex challenges – both of which are integral to the vision of our System. The COVID-19 pandemic has also reinforced the importance of strategic planning to the preservation of our System. Our commitment to planning before this crisis allowed us to ask the right questions, develop the correct tools and make the necessary investments to move quickly and effectively to serve the state of Texas and the United States when challenges arise. Together, we must continue to learn from COVID-19 as a community.

After reviewing our progress against the plan, we are proud of the tremendous improvement we've made executing our current, ambitious strategic plan to provide quality education, conduct leading academic research, and deliver services and training to the people of Texas and beyond. As we consider the objectives of our current strategic plan and how to maintain this momentum, it is clear we started with an enduring strategy focused on achieving the most important goals of a land-grant institution. Given the solid foundation our plan provides, we will continue to build upon it, pushing toward broadening our impact. In addition to our progress on key initiatives in the plan, we have also had notable successes in areas that go beyond our strategic plan, such as Los Alamos National Laboratory and Army Futures Command. As a result, we will continue to raise expectations for our System and seek new opportunities that demonstrate our capability to innovate on a national level and address important global issues. We are confident that the strategic plan, with its revisions, will continue to guide us in the right direction.

The outlined revisions to our strategic plan are the product of a long process. Using the data about our progress to date on our key initiatives and incorporating perspectives from the Board of Regents and System leadership, the revised plan is designed to position System and member institution leadership to execute an even bolder vision for the future by revising segments from our current imperatives and adding new imperatives that are essential to our institutions. Revisiting the plan in this way is further evidence that the Board of Regents views our strategic plan as a living document that we are committed to monitoring and adjusting as needed. The Board of Regents and System leadership will continue our commitment to transparency, constantly measuring and sharing our progress, failures and successes, but we will also be flexible in our execution to adjust course as needed.

If one thing is certain, it is that we could not have made this extraordinary progress without your support. We will continue to do this together, and together we will ensure the continued success of our System.

Sincerely,

Elaine Mendoza
Chairman, Board of Regents

John Sharp
Chancellor

I. Our Strategic Plan Progress

In 2016, we introduced an ambitious strategic plan to guide our 11 universities and seven agencies (now eight agencies, with the addition of the Texas Division of Emergency Management (TDEM) in September 2019). The plan was consistent with our mission to **provide education, conduct research, commercialize technology, offer training, and deliver services for the people of Texas and beyond through our universities and state agencies.** In very real terms, the plan intended to establish the A&M System as the system of choice for students, employers, faculty, staff, and research funders in the state of Texas by working toward the following **six imperatives**:

Our Strategic Imperatives

1. **All qualified students will find a place in the A&M System and will have an array of pathways to pursue their ambitions and interests.** We will develop a coordinated recruitment and admissions strategy for the A&M System and create coherent pathways among institutions.
2. **The A&M System will remain affordable and accessible.** We will continue to ensure our costs remain reasonable so that the cost of education does not become a barrier for Texans to access the A&M System.
3. **Our students will leave the A&M System as responsible and engaged citizens prepared for successful careers in an increasingly global economy.** Our member institutions will develop the educational experiences, experiential opportunities and service opportunities our students need to succeed post-graduation in a global economy.

4. **The A&M System will increase its prominence by building a robust and targeted research portfolio.** We will continue to encourage cross-institution and cross-discipline collaboration, and we will support our member institutions in their research pursuits, including obtaining Emerging Research University status.
5. **The A&M System will provide services that respond to the needs of the people of Texas and contribute to the strength of the state's economy.** We will continue to address the needs of Texas and utilize technology to reach citizens in new ways.
6. **The A&M System, in adhering to the high standard of excellence and growth required in this strategic plan, will display prudent financial stewardship and sustainability.** Our member institutions will be diligent about their plans for growth, and the A&M System will ensure financially sound decision-making at the aggregate level. We have robust financial management capabilities in place and will continue to manage the A&M System's financial health in a holistic manner.

The plan's imperatives and its metrics of success have propelled the A&M System forward, establishing an enduring strategy focused on serving the state of Texas and its people. For this reason, we believe that we focused on the correct priorities four years ago. Given our continued commitment to these imperatives, we recognize the importance of communicating our progress. Important accomplishments have been achieved within each of the plan's imperatives. Our successes are significant because they demonstrate the breadth and depth of the A&M System's efforts. Equally as important is recognizing that more progress remains to be made on some measures of success, which we are also focused on highlighting. The remainder of this section highlights the progress we've made, identifying areas where we plan to continue improving.

From 2014 to 2018, total admissions yield decreased about **3%** each year across the System.

1. **All qualified students will find a place in the A&M System and will have an array of pathways to pursue their ambitions and interests.** The A&M System continues to recruit, admit, and educate qualified Texans. Over the past four years, the System has become a home for more Texans: System enrollment has grown 1.8 percent each year, allowing us to capture a greater share of Texas higher education enrollment. This success has been achieved while also raising the overall quality of admitted students. Our focus on Texas students finding a home within our System will continue as we work to increase our yield of qualified applicants, including our share of the top 10 percent of Texas high-school graduates.

- Admissions yield decreased variably at each member institution; College Station had the smallest decrease (1 percent each year), with about 45 percent of admitted students enrolling in 2018. This places us slightly behind The University of Texas (UT) System and all Texas four-year public universities, which experienced a 2 percent average decrease in admissions yield each year from 2014 to 2018.¹ Reaffirming our commitment to making our System the system of choice for Texans, we plan to address the growth of campuses outside College Station and improve the pathways between System schools. This effort will focus on making the A&M System more attractive to Texas students, and, by default, increase yield System-wide.
- The System has increased its share of total Texas higher education enrollment. Since 2014, **the A&M System’s share of Texas postsecondary enrollment has grown approximately 2 percent annually.** Due to this progress, one-fifth of Texas high-school students who enroll in either major Texas systems or private institutions choose the A&M System.
- The A&M System’s share of the top 10 percent of Texas high-school graduates decreased from 33.9 percent in 2014 to 31.7 percent in 2018. In the same four-year period, the System’s share of Texas high-school students who are in the top 10 percent of SAT scores increased from 20.3 percent to 21.2 percent. We remain committed to recruiting and admitting the most qualified Texas students, understanding that student quality is multifaceted and should not be limited only to high-school rank or test scores. We are proud to be part of a land-grant tradition and are fully focused on putting higher education within the reach of all Texas citizens.

Other notable progress:

- The Craig and Galen Brown Foundation and Merit Scholarship program is ranked highly for the A&M System. Since 1992, the Brown Foundation has awarded over 400 scholarships to Texas A&M’s top incoming freshmen. In 2017, the Brown Foundation celebrated its 25th anniversary with an event celebrating former Brown Scholars and its 119 current Brown Scholars.
- We are committed to increasing System-wide enrollment. This strategic plan update will challenge member institutions to refine their growth goals so that we can build a strategy to support long-term System growth.
- The System-wide acceptance rate decreased 1 percent each year from 2014 to 2018. In the same period, the UT System and statewide four-year public institutions experienced a 2 percent and 1 percent average increase in their acceptance rate each year, respectively.² Nevertheless, in 2018, the A&M System accepted most applicants (72 percent), highlighting our commitment to serve the state of Texas and educate all qualified Texans.

¹The average annual change in admissions yield was calculated using publicly available Integrated Postsecondary Education Data System (IPEDS) data for the UT System and all Texas four-year public universities.

²The average annual change in acceptance rate was calculated using publicly available IPEDS data for the UT System and all Texas four-year public universities.

2. **The A&M System will remain affordable and accessible.** Over the past four years, the A&M System has made remarkable strides in cultivating a more diverse student body while remaining affordable in the state of Texas. We understand that to create equal opportunities for all Texas students we need to increase access and strengthen student support systems. Our focus on ensuring the affordability and accessibility of our System empowers and engenders an inclusive community and will continue in the years ahead.

- The total number of first-generation undergraduate students increased 5 percent each year from 2014 to 2018. Along the same line, Pell Grant recipient enrollment increased by about 2 percent each year from 2014 to 2018. This progress is a testament to the A&M System’s commitment to remain accessible to all students regardless of cultural or socioeconomic backgrounds.
- The A&M System is also serving a more racially diverse student body. Underrepresented minority enrollment increased by about 2 percent annually from 2014 to 2018, growing in line with overall demographic shifts in Texas.
- Undergraduate students are also graduating faster, boosting A&M System affordability. We were able to reduce the average time it takes undergraduate students to earn a bachelor’s degree across the System by 4 percent from 2014 to 2018, indicating that more undergraduate students are finishing their degrees closer to four years. We take our responsibility to help students plan an efficient path to graduation seriously because we know that failing to do so makes the cost of higher education more burdensome for Texas families and the state of Texas.

32% of first-generation students in the overall System student body

System-wide total enrollment increased

+2% EACH YEAR

driven primarily by System-wide application growth of

+6% FROM 2014 TO 2018

Annual application growth of our regional universities

6.6%

was almost double that of College Station

4%

A&M System enrollment lagged that of the UT System, but was in line with Texas public institutions, which also grew at

+2% PER YEAR

Student SAT scores **increased across all campuses** from 2014 to 2018

System-wide median 75th percentile SAT score improved

9%

These improvements underscore that the quality of our System has improved as we work to educate more Texans

System-wide median 25th percentile SAT score improved

14%

- The A&M System has remained affordable relative to median Texas family incomes. In 2014, the median ratio of student debt to family income was about 53 percent across the System. While median student debt stayed constant from 2014 to 2016, median income for Texas households increased. Overall, this decreased student debt to median income by 3 percent from 2014 to 2016. We are acutely aware of the growing burden that student debt represents for students, and we have made extraordinary efforts to do our part to lessen this burden for Texas families.
 - In June 2020, The Texas A&M University System Board of Regents created a **\$100 million scholarship fund** with the goal of making the A&M System’s 11 universities better reflect the state’s demographics. The scholarship program aims to support students who are racially diverse, first-generation, and/or from low-income families in the wake of economic uncertainty associated with COVID-19.
3. **Our students will leave the A&M System as responsible and engaged citizens prepared for successful careers in an increasingly global economy.** It is the System’s hope that students grow intellectually and personally in a way that allows them to make great contributions to the state of Texas and the world at large. Over the past four years, we continued to see students succeed in the System, with a higher percentage of them graduating in four years. A&M System students also appear to be moving on to jobs at a strong rate, demonstrating that our students are graduating prepared to make a real-world impact.
- The A&M System has prioritized strong student support systems to ensure that students stay in the System until graduation and, when possible, graduate on time. Freshman students are the most likely to drop out, so we are proud that from 2014 to 2018 **A&M System median first-year persistence rates increased by 1 percent.** Additionally, **the six-year graduation rate improved by 2 percent to 50 percent** across the System from 2014 to 2018. Graduation rates vary by campus; in 2018, 86 percent of students in College Station graduated in six years compared to 49 percent of students at our regional universities.
 - College Station graduate salaries exceed statewide university averages by an increasing amount over time; College Station students earn an average of \$5,600 more at the first year following graduation, \$9,000 more at the third year, and \$12,200 more at the fifth year. We remain committed to raising the specialization and performance of all our campuses so that all A&M students are ready to take on the job market and contribute to the Texas economy as well as the global economy.

Other notable progress:

Student experience, as measured in part by the student-to-faculty ratio, has improved. Public data suggests that the College Station ratio has stayed constant during this time, much like other member institutions. The System plans to address growth across campuses to ensure that student experience is equally positive and fulfilling across all System universities.

4. **The A&M System will increase its prominence by building a robust and targeted research portfolio.** The A&M System continues to deliver impactful research that improves society at a community, state, national and global level. The A&M System is now the largest research institution in the southwest United States, ranked above all other Texas institutions in total research expenditures, and ranked in the top 20 research universities nationally. Efforts to grow research expenditures, research volume and distinguished faculty members, coupled with a commitment to leverage A&M System resources to capture true multidisciplinary research opportunities, position the A&M System to bring great benefits to the state of Texas and the world at large.
 - **Total System-wide research expenditures grew about 2 percent each year from 2014 to 2018.** This momentum resulted in research expenditures exceeding \$1 billion in 2018 – a landmark moment for the A&M System. The System has made significant investments to ensure it stays a national and international leader in research going forward.

88%

of students who start their education at a Texas A&M institution continued to a second year of enrollment

19:1

student-to-faculty ratio in 2018

\$1 Billion
research spending in 2018

The A&M System received
50
national academy members
in FY 18, up from
37
members in FY 16

+480
computer science degrees (217
A&M group³ and 264 regional
universities)

+1,400
engineering degrees (891
A&M group and 522 regional
universities)

+50
math degrees (50 A&M group and
4 regional universities)

- In 2018, about 50 percent of the over 6,300 research proposals submitted were awarded, resulting in an award amount of about \$746 million across the System.
 - The rising prominence of the A&M System’s research portfolio can also be seen through the growing number of distinguished faculty members. This progress is evidence that our faculty members’ research is having global-scale impacts and raising the prominence of our System.
 - Among the criteria for a university to be considered an Emerging Research University is to award 30 or more Ph.D. degrees annually for two consecutive years. In fiscal year (FY) 2019, Texas A&M University-Corpus Christi made strong progress toward this designation by awarding 27 Ph.D. degrees in FY 2016, up from 15 in FY 2014. We are proud of A&M-Corpus Christi’s efforts and will continue to encourage other member institutions to offer the highest academic degrees to our students.
5. **The A&M System will provide services that respond to the needs of the people of Texas and contribute to the strength of the state’s economy.** The A&M System was designed to prepare educated problem solvers to lead the state’s economic and social development. This fundamental mission, born out of the land-grant heritage of service, remains today. We continue to respond to this mission by granting more degrees in critical fields for the state and prioritizing the work of our eight state agencies that help solve important problems, ranging from protecting natural resources to implementing emergency management programs.
- To help meet the state’s critical need, the A&M System takes seriously our responsibility to strengthen the pipeline of students pursuing degrees in computer science, engineering, math and physical science. In 2018, we granted about 7,000 degrees in these four fields combined. From 2014 to 2018, we increased the number of degrees granted in computer science, engineering, and math.

³The A&M group refers to the College Station campus, the Galveston campus, and the Health Science Center.

- The A&M System also increased the number of contact hours and services provided by our service-oriented agencies. From 2014 to 2018:

Texas A&M AgriLife Extension	Provided about 459,000 additional teaching hours in the areas of agriculture and environmental stewardship to the people of Texas
Texas A&M Forest Service	Provided about 192,000 additional hours to ensure the state's trees, forests and related natural resources are protected and sustained, despite decreasing the number of services it provides Texas
Texas A&M Engineering Extension Service	Provided about 4,000 additional emergency response hours to aid disasters across the state and the nation, and added about 45,000 services focused on developing training and practical workforce solutions
Texas A&M Veterinary Medical Diagnostic Laboratory	Provided about 110,000 additional test samples to promote and protect animal health and public health in Texas

6. **The A&M System, in adhering to the high standard of excellence and growth required in this strategic plan, will display prudent financial stewardship and sustainability.** The future success of our System depends on our commitment to managing our resources responsibly and sustainably. We strive to be good stewards of the funds we have been given, and we continue to support and grow our ambitions while maintaining healthy financials and expanding our donor base.

- A Composite Financial Index (CFI) score⁴ of 3.0 or greater is considered satisfactory financial condition. At 5.6, our academic CFI combined score remains healthy. This score indicates that the A&M System continues to see strong financial health and can weather financial difficulties and/or invest in new programs and activities despite the challenging environment facing higher education institutions.
- Having sufficient reserves is vital because they produce income that enables our campuses to launch projects that might otherwise be difficult to fund. **In 2018, our System had an average of approximately three months of reserves.** Given the uncertainty caused by the global pandemic, we challenge System institutions to assess their reserves and determine whether they are appropriate.
- **The median administrative cost ratio⁵ across all A&M System campuses was approximately 9 percent in 2018.** The A&M group median ratio was about 5 percent, while the regional university median ratio was in line with the System-wide median.
- The System expects about a 9 percent three-year return on investable assets.

From 2014 to 2018, the Texas A&M Foundation increased donations by over

\$100 Million

and expanded its donor base by 2,700 donors

⁴The CFI is one tool used across the industry to help assess the overall financial health of an institution by blending primary reserve ratio, viability ratio, return on net position, and net operating ratio.

⁵The administrative cost ratio is defined as Institutional Support / (Total Operating Expenses – Auxiliary Operating Expenses).

II. Our Reflections on the Plan's Ambitions

As we reflect on the ambitions of our current strategic plan and how to maintain our momentum, it is increasingly clear our existing plan is strong and focused on the most important priorities. The A&M System has leveraged this plan to commit to the right imperatives and track progress with the correct metrics that have driven success for the System and the state of Texas in recent years.

However, since 2016, the System has grown in ways the plan could have never anticipated. The current plan does not fully account for successes, such as Army Futures Command, Los Alamos National Laboratory and the RELLIS Campus. These triumphs require taking opportunistic, but well-informed, big bets that reflect our capability to innovate on a national and global level. These investments position the A&M System well to address the unprecedented challenges of the COVID-19 pandemic. Our existing investments in infrastructure will allow the System to continue its unwavering commitment to serve the state of Texas and the United States more broadly to support development and manufacturing of the testing equipment and vaccinations needed to fight this pandemic.

Army Futures Command	In October 2019, the A&M System announced a cooperative Agreement with the Army Futures Command that will provide up to \$65 million over five years to Texas A&M, supporting research into new technologies to help the Army Futures Command modernize the nation's fighting force.
Los Alamos National Laboratory	In June 2018, Texas A&M was one of the parties awarded a five-year contract to manage and operate Los Alamos National Laboratory, a prominent federal laboratory facility in New Mexico that employs more than 11,000 individuals and houses radioactive and weapons-grade nuclear materials. Los Alamos is one of the largest laboratories in the United States, and this partnership allows the A&M System to deepen its highly technical expertise and support for critical research tied to our national security.
RELLIS Campus	In 2016, the A&M System announced it would rename and transform a 1,900-acre campus to a state-of-the-art training facility and research hub for the technology, engineering and telecommunications industry. The RELLIS Campus facilities will be a leader in the development, testing and evaluation of next-generation transportation and engineering technologies.
Texas Medical Center	The A&M System is currently building a half-billion-dollar complex at the Texas Medical Center to house its groundbreaking Engineering Medicine Program and provide housing for medical and nursing students in Houston. This is the largest recent development project in the city of Houston, a testament to Texas A&M's rising prominence in the area and its dedication to meeting the medical needs of Texans.
Texas A&M AgriLife	Texas A&M AgriLife is the nation's largest comprehensive agriculture program. It partners with the U.S. Department of Agriculture, the National Institutes of Health and the state of Texas to conduct world-class research.
Bush School of Government and Public Service	The Bush School of Government and Public Service has become a leading public and international affairs graduate institution, ranking in the top 10 percent of graduate public affairs schools in the nation.
Texas Division of Emergency Management	In September 2019, Texas state law placed TDEM under the A&M System. This move came after the A&M System effectively led in rebuilding Texas after Hurricane Harvey. Adding an eighth state agency has allowed the System to take on a greater role supporting the state of Texas in disaster management. TDEM is leading efforts across the state to increase production of personal protective equipment and expand COVID-19 testing sites and other coronavirus-related responsibilities, helping the state effectively work toward reopening.

Given these unforeseen accomplishments, we must continue to raise expectations for our System and seek out opportunities that allow our growth to continue. **We plan to adjust two areas of the strategic plan to accommodate an even bolder vision of the future for the System.** To make this vision a reality, we will add the following two imperatives to the current strategic plan:

- **The A&M System will pursue pioneering/progressive opportunities to address national and global challenges.** We will focus on developing partnerships and innovating programs that will confront national and global problems by leveraging our experience from recent big bets that have increased our System's prominence. The System's prior investments in research position it well to support vaccine manufacturing to address the COVID-19 pandemic. The existing investments in infrastructure will allow the System to support development and manufacturing of the testing equipment and vaccinations needed to fight this pandemic.
- **The A&M System will build a strategy to sustain long-term System growth.** We will challenge member institution leadership to redefine their growth goals and empower them to place bets on what can drive growth in way that is sustainable for their campuses and the System more broadly. The Board of Regents will not dictate these growth goals. Instead, we will ask questions to ensure that member institutions have set growth plans and an established process to achieve their goals.

III. Our Revisions for the Future

The existing imperatives will remain largely intact, reaffirming the vision laid out in 2016. Nevertheless, the following revisions are offered to the current imperatives to ensure the A&M System continues to fulfill its mission in the foreseeable future:

1	All qualified students will find a place in the A&M System and will have an array of pathways to pursue their ambitions and interests.	<ul style="list-style-type: none"> • Leverage the A&M brand to create opportunities for more Texas students • Highlight strategic mobility pathways throughout the System that allow students to take advantage of the full A&M System network of schools
2	The A&M System will remain affordable and accessible.	<ul style="list-style-type: none"> • Add a measure of success: Total cost of attendance
3	Our students will leave the A&M System as responsible and engaged citizens prepared for successful careers in an increasingly global economy.	<ul style="list-style-type: none"> • Enhance the graduation rate metric by specifying that four- and six-year rates will be measured, and that the A&M System will remain compliant with all federally mandated reporting requirements • Clarify “responsible and engaged” citizens and identify appropriate metrics to better assess and track student success
4	The A&M System will increase its prominence by building a robust and targeted research portfolio.	<ul style="list-style-type: none"> • Clarify the research focus areas to address and impact national and global issues • Outline a clear set of campus-specific research priorities
5	The A&M System will provide services that respond to the needs of the people of Texas and contribute to the strength of the state’s economy.	<ul style="list-style-type: none"> • Identify appropriate metrics to better assess and track Texas impact
6	The A&M System, in adhering to the high standard of excellence and growth required in this strategic plan, will display prudent financial stewardship and sustainability.	<ul style="list-style-type: none"> • Establish a mechanism to monitor expense growth relative to revenues

As mentioned above, the System is also adding two additional imperatives designed to reflect desires to sustainably build upon its successes. The following are additional imperatives and measures of success for these imperatives:

7	The A&M System will pursue pioneering/ progressive opportunities to address national and global challenges.	<ul style="list-style-type: none"> • Focus on developing partnerships and innovating programs that will confront national and global problems by leveraging our experience from recent big bets that have increased our System’s prominence. <p>Measures of success:</p> <ul style="list-style-type: none"> • Defined national and global challenges that the A&M System is best positioned to solve • Pursuit of opportunities aligned to A&M System priorities and capabilities
8	The A&M System will build a strategy to sustain long-term System growth.	<ul style="list-style-type: none"> • Challenge member institution leadership to redefine their growth goals and empower them to place bets on what can drive growth in a way that is sustainable for their campuses and the System. <p>Measures of success:</p> <ul style="list-style-type: none"> • Clearly defined growth plans for each member institution • Enrollment-tracking at regional campuses according to identified growth plans for each campus • Retention rate at regional campuses • Identification of specialties within regional campuses

IV. How We Will Use the Plan in the Future

The Board of Regents will remain actively engaged in its governance role, helping System leadership set the broad direction of the System and accomplish the goals laid out in this plan. This plan does not outline specific strategies or tactics to pursue the revisions outlined previously. Rather, with this revised plan we intend to clarify our aspirations and expectations for the A&M System and member institutions. We recognize the importance of allowing A&M System and member institution leadership to use their thought leadership to continue to develop plans that leverage their unique strengths and contexts to achieve success for themselves and the System at large.

As Regents, we commit to ensuring this plan continues to serve as a living document to focus the System leadership's attention on the key imperatives that will improve the trajectory of the A&M System and the state of Texas. Regents will achieve this by:

- Keeping the plan central during Board of Regents meetings, allowing it to guide decision-making.
- Holding all System institutions accountable for reporting their progress relative to new and revised imperatives and metrics.
- Communicating progress toward executing imperatives and metrics more broadly to constituents.
- Updating the plan relatively quickly if, and when, change happens.

22.02 System Investment

Revised [August 20, 2020](#) (MO -2020)
Next Scheduled Review: August 20, 2021
Click to view [Revision History](#).

Policy Summary

This policy sets out the responsibilities of the Board of Regents (board), as assigned by law, to act as a fiduciary in the management of assets under the control of The Texas A&M University System (system) and delineates the roles and responsibilities of the chancellor and system staff regarding the management of assets under the control of the board.

Policy

1. GENERAL

- 1.1 As provided in the Texas Education Code, each board member has the legal responsibilities of a fiduciary in the management of funds under the control of the system. All investments will be made in accordance with applicable state and federal regulations. All assets of the system will at all times be vested in the board, and such assets will be deemed to be held by the board as a fiduciary regardless of the name in which the securities may be registered.
- 1.2 The board has granted to the chancellor the authority for the purchase, sale, assignment, transfer and management of all investments of any kind or character of the system or any member thereof and has authorized the chancellor to execute on behalf of the board or any member thereof any and all documents required in the purchase, sale, assignment, transfer and management of these investments.
- 1.3 The chancellor may delegate to treasury personnel the authority to execute any and all documents required to accomplish the actions outlined above and the deposit, withdrawal, or transfer of assets on behalf of the members.
- 1.4 Investments are defined to include, but are not limited to, any monetary or negotiable asset or property right held by a member including all operating, non-operating and other funds. This includes any asset or property right acquired or held by any member as trustee of a trust or as executor of an estate. Assets will include land and other real property, market investments, business enterprises and any other investments of any kind or character held or acquired by such funds.
- 1.5 Prudent Investor Rule – Each person responsible for making or retaining each and all investments and in acquiring, investing, reinvesting, exchanging, retaining, selling, supervising and managing funds will do so in good faith and with the care an ordinarily prudent person in a like position would exercise under similar circumstances.

- 1.6 In the management of system investments, consideration will be given to general economic/capital market conditions, the possible effect of inflation or deflation, the expected tax consequences, the role that each investment or course of action plays within the overall investment portfolio and the requirements for liquidity, diversification, safety of principal, yield, maturity, quality and capability of investment management, with the primary emphasis on safety. Consideration will also be given to incur only costs that are appropriate and reasonable in relation to the assets.
- 1.7 The overall objective of the investment policy is to invest the system's available funds in such a manner as to earn as high a level of return as can reasonably be achieved within the framework of the policy and consistent with the system's primary objective of the safety and preservation of capital.
- 1.8 Each custodian bank will furnish monthly statements to the Office of the Deputy Chancellor and Chief Financial Officer that will include cost and market value for all positions, industry segmentation and percentage composition of the portfolio represented by each issue. The custodian bank statements will be used as the basis for quarterly investment performance reports to the board.
- 1.9 Coordination of investment policy, cash management and system depositories' activities will be maintained by the chancellor through the Office of the Deputy Chancellor and Chief Financial Officer.
- 1.10 The chancellor will provide the board's Committee on Finance an annual report on the need to revise the system investment policy in regard to authorized securities, asset allocation, payout or any other pertinent matters.

2. INVESTMENT OF FUNDS

2.1 Quality Restrictions

For the purpose of this policy all traditional fixed income securities which use long-term credit ratings must be rated the equivalent of "B" or better by a nationally recognized statistical rating organization. The fixed income portfolios must have an overall credit rating of "A" or better by a nationally recognized statistical rating organization. Securities using short-term credit ratings must be rated at least A-2, P-2, F-2 or the equivalent by a nationally recognized statistical rating service.

2.2 Authorized Investments

2.2.1 Direct obligations of the principal and interest which are guaranteed by the United States Government or its agencies to include:

- (a) obligations of the U.S. Treasury.
- (b) direct obligations guaranteed by the Federal Intermediate Credit Bank (FICB), Federal National Mortgage Association (FNMA), Federal Farm Credit Bank (FFCB), Government National Mortgage Association (GNMA), Student Loan Marketing Association (SLMA), Federal Home Loan Mortgage Corporation (FHLMC), Federal Home Loan Bank (FHLB),

Tennessee Valley Authority (TVA) and other government-sponsored entities (GSE).

- 2.2.2 Obligations of states, agencies, counties, cities and other political subdivisions of any state.
- 2.2.3 United States dollar denominated debentures or obligations and preferred and common stocks issued by corporations, associations or other institutions, and convertible securities of all kinds issued by corporations. Not more than 4.9% of the voting stock of any one corporation will be owned by the system at any given time. This includes participation in publicly traded domestic Real Estate Investment Trusts (REITs).
- 2.2.4 Debentures or obligations, and preferred or common stock of international governments and corporations. International preferred and common stock issues must be listed on an organized stock exchange. Utilization of derivatives for the hedging of currency risk is permissible.
- 2.2.5 Certificates of Deposit issued by state and national banks not to exceed 10% of banks' total deposits. Certificates of Deposit must be insured by the Federal Deposit Insurance Corporation, or its successor, or secured (collateralized) by surety bond, or obligations described in this policy, with such collateral to be held by a third party, and that at all times will have a market value of not less than the principal amount of the certificates or in any manner and amount provided by law for deposits of the investing entities, and with the additional provision that all collateral based on direct agency or instrumentality issued mortgage backed securities must have been rated the equivalent of "AAA" by a nationally recognized credit rating organization (NRSRO).
- 2.2.6 Negotiable Certificates of Deposit issued by a bank that has a certificate of deposit rating of at least 1 or the equivalent by a nationally recognized rating agency or that is associated with a holding company having a commercial paper rating of at least A-1, P-1 or the equivalent by a nationally recognized credit rating agency.
- 2.2.7 Deposits in federally insured savings and loan associations, building and loan associations, and state and national banks not to exceed the amount insured by the Federal Savings and Loan Insurance Corporation, the Federal Deposit Insurance Corporation or their successors.
- 2.2.8 Bankers Acceptances, accepted by a bank organized and existing under laws of the U.S. or any state, in accordance with Section 2.1.
- 2.2.9 Money Market Mutual Funds. Funds must be registered with the Securities and Exchange Commission, have a maximum maturity of 13 months and be no-load funds. Fund must have assets consisting of securities authorized under this policy.
- 2.2.10 Mutual Funds. Funds must be registered with the Securities and Exchange Commission and invest in assets authorized under this policy.

- 2.2.11 Direct Security Repurchase Agreements. Direct Repos must be fully secured (collateralized) by obligations authorized under this policy. Such collateral must be held by a third party. All agreements will be in compliance with Federal Reserve Bank guidelines.
- 2.2.12 Securities Lending. The securities lending agent is required to provide indemnification against borrower default. Further, loan exposure to borrowers must be diversified and managed within prudent limits to avoid concentrated borrower risk. The securities lending agent must provide credit approval for all borrowers and is required to perform on-going review and monitoring of borrower default risk and exposures. The amount of the portfolio out on loan must be limited to one-third of each portfolio. Cash collateral will be held in excess of the market value of lent securities in an amount no less than 102% of the market value. The securities lending agent is required to market the value of collateral daily and must review collateral positions and prices to ensure adequate collateral is received and prices used are current and valid. The investment collateral must be invested within the restrictions delineated under SEC Rule 2a-7 under the Investment Company Act of 1940. Basis risk in the portfolio is limited to 30 days when accounting for variable rate securities and loans by their respective reset dates. If loans are not in accordance with these guidelines, they are subject to termination.
- 2.2.13 Investments in bank loans and other non-traditional credit investments may be used to diversify and enhance the return of the portfolio.
- 2.2.14 Derivative instruments may be used in place of underlying securities to modify risk/return characteristics or to cost-effectively implement change in asset allocation. Additional uses of derivatives require written approval of the chancellor or designee. Derivative investments will not be utilized for the purpose of introducing leverage to the portfolio other than in accordance with Section 2.2.16.
- 2.2.15 Investments in venture capital and/or private equity partnerships may be used to enhance the expected return of the portfolio. These investments are long-term, illiquid, private partnerships with high variability of returns. No investment will be made that would comprise more than 10% of total commitments to a single fundraise, which includes commingled and separately managed funds.
- 2.2.16 Investments in absolute return strategies may be used to diversify and enhance the return of the portfolio. Absolute return strategies may invest in derivative instruments, employ leverage and sell securities short. Hedge fund investments may be made in offshore limited partnership shares or by using blocker corporations in order to avoid unrelated business income tax (UBIT). No investment will be made that will comprise more than 10% of any partnership's assets other than a separate fund mandate for portfolio assets.
- 2.2.17 Real assets investments including timber, energy and real estate may be used to diversify and enhance the return of the portfolio. These investments are long-term, illiquid and have high variability of returns. No investment will be made that would comprise more than 10% of total commitments to a single fundraise, which includes commingled and separately managed funds.

2.3 Stock Rights, Fractional Shares, and Proxies

In each instance, exercise or sale of the rights is to be made at the discretion of the chancellor. The chancellor is authorized to execute proxies within the approved investment policy.

2.4 Quasi-Endowments

The board may, on recommendation of the chancellor, establish a quasi-endowment using any source of funding at its disposal except educational (program) and general funds and restricted gifts or grants. Income from funds held in quasi-endowments is available for the purpose established by the board. The corpus of such funds will be held until such time as the board, on recommendation of the chancellor, abolishes the quasi-endowment, at which time the corpus is available for such purpose(s) as may be designated by the board. All quasi-endowments established by the board will be invested in the System Endowment Fund.

2.5 Matching of Private Gifts from Available University Fund (AUF)

Subject to the availability of matching funds appropriated for that purpose by the board, and with the approval of the chancellor, the presidents of Texas A&M University and Prairie View A&M University are authorized to accept private gifts and to match such gifts with AUF monies, provided such actions are reported to the board at its next regularly scheduled meeting.

Authorization for the expenditure of AUF to match endowments is in the general appropriations act, subject to biennial renewal by the legislature. Matching may be completed as long as the pledge is received during a time when the rider authorization is in effect.

2.6 Investment Transactions

Sales, purchases and exchanges will be effected through financial institutions or through well-capitalized, nationally known investment firms which are recognized as being major participants in the equity and fixed income markets, in accordance with normal investment practices, if, in the judgment of the chancellor, these services will produce the maximum benefit to the system.

2.7 Use of Outside Investment Managers

2.7.1 The chancellor, within statutory and other regulatory authority, may place selected funds of the system with investment managers outside the system for investment purposes. The investment of such funds will be subject to the same authorizations and criteria as prescribed for investments consistent with this investment policy.

2.7.2 External investment manager(s) will be governed by either a Letter of Instruction outlining investment instructions and asset allocation parameters expressed in writing by the chancellor or subscription/limited partnership/similar agreement(s). The Letter of Instruction will detail the specific investment benchmark to be used to evaluate the external investment manager.

2.7.3 Consistent with this investment policy statement and the Letter of Instruction or subscription/limited partnership/similar agreement(s), the external investment manager(s) will be responsible for making decisions on a fully discretionary basis. This includes buy, hold, sell and timing decisions.

2.7.4 An external manager(s) will invest only into the security class(es) for which the external manager(s) is retained to manage. A fixed income manager(s) has full discretion to place funds into cash; however, the fixed income manager(s)'s performance will be measured against the investment benchmark detailed in the Letter of Instruction.

2.7.5 When prudent, system investment personnel may accept appointments on advisory boards or committees for external managers, serving in an advisory capacity with no additional compensation other than reimbursement for out-of-pocket expenses.

3. CASH MANAGEMENT

3.1 A centralized cash management program will be maintained with the objective that all available cash or cash equivalents are invested and reported in accordance with applicable rules and regulations.

3.2 The cash management system will provide competitive and enhanced returns for each member. There will be no subsidy from one member to another. The benefits of the cash management system will exceed the full incremental costs associated with implementing and managing the system.

3.3 The Office of the Deputy Chancellor and Chief Financial Officer is assigned staff responsibility for the management oversight of the system-wide cash management system, in coordination with appropriate member officials.

4. INVESTMENTS AND OTHER RELATIONSHIPS WITH DEPOSITORIES

4.1 The Office of the Deputy Chancellor and Chief Financial Officer is responsible for the overall coordination and direction of banking relationships, to include investments, deposits, custody and other services with banking and similar financial institutions for the system and its members. Once each year, the Office of the Deputy Chancellor and Chief Financial Officer will provide to the chancellor certification that the investments and banking relationships are in compliance with the policy.

4.2 System Depositories

4.2.1 The system is authorized to maintain time and demand bank deposits with only those depositories recommended by the chancellor and approved by the board which have executed a depository agreement. Depository agreements will be executed in accordance with System Policy 25.07, *Contract Administration*. Depositories will be selected on the basis of competitive bids, and the bids will be reviewed by the Office of the Deputy Chancellor and Chief Financial Officer and made a part of the permanent records of the system. The only exceptions to the above are those working funds which may be authorized within the system with the approval of the member chief executive officer (CEO). Working funds

established in a bank other than the approved depository bank must be approved by the chancellor, and all signers on the account must be approved by the member CEO. Such working funds are excluded from the provisions of the system investment policy inasmuch as such funds are not authorized to be invested. Whenever the amount of a working fund is in excess of needs, the excess will be transferred to the appropriate fiscal officer for management in accordance with system investment policy.

4.2.2 The amount of funds which may be deposited with any system bank will be limited to \$100,000,000 or 10% of total deposits, whichever is less. Collateral of 102% will be pledged against all deposits.

4.2.3 Only the chancellor and those officers and/or employees of the members specifically designated in writing by the chief executive officer of each member are authorized to deposit, withdraw, invest, transfer or otherwise manage local funds of the respective members in time and demand deposits with system depositories.

4.3 Responsibilities of System Offices

The Office of the Deputy Chancellor and Chief Financial Officer is responsible for the overall administration of system banking relationships. This responsibility includes:

- (a) identification of proposed depositories;
- (b) securing approval of depositories by the board;
- (c) negotiating System Depository and Pledge Agreement(s);
- (d) preparation of depository, safe keeping and trust accounts agreements with depositories and trustee institutions for execution by the chancellor;
- (e) acceptance and release of securities pledged to secure deposits of the system;
- (f) maintenance of relationships with depositories and trustee institutions;
- (g) monitoring the amount of funds on deposit for each member in each depository and maintaining collateral at sufficient levels; and
- (h) maintenance of records of the specific deposits and related collateral levels for each member for both time and demand deposits;

4.4 Responsibilities of the Chancellor or the Chancellor's Designee at each Member

Within the overall investment and cash management program of the system, the chancellor or the chancellor's designee at each member and his or her successor in office, is responsible for:

- (a) reporting and making available for investment by the Office of the Deputy Chancellor and Chief Financial Officer all local funds for the member in deposits or other arrangements with system depositories;
- (b) designating in writing those persons who are authorized to withdraw, transfer or otherwise place local funds for the member in system depositories; and

- (c) furnishing one copy of each designation required by (b) above to the Office of the Deputy Chancellor and Chief Financial Officer.

5. SYSTEM ENDOWMENT FUND

5.1 Fund Name, Purpose and Eligibility for Participation

- 5.1.1 The System Endowment Fund as herein established will be known as "The Texas A&M University System Endowment Fund" (SEF) and will be under the control of the board, as Trustee.
- 5.1.2 The purpose of the SEF is to provide for the collective investment of all endowment and trust funds held by the system or by the board in a fiduciary capacity. The SEF is to provide funding for scholarships, fellowships, professorships and academic chairs and other uses as specified by donors.
- 5.1.3 No endowment or trust fund will be admitted unless it is under the sole control, with full discretion as to investments, of the board and/or an official or officials of the system in their official capacity. However, no such official, other than the board or chancellor will have any control over the management of the SEF other than to request admittance or withdrawal of any endowment or trust fund under his or her control as designated trustee thereof. No endowment or trust will be admitted which contains a specific provision against commingling or whose investment restrictions prohibit purchase of securities authorized in this system investment policy.

5.2 Investments

Investments of system funds must be accomplished in accordance with the following principles, objectives and purposes:

- 5.2.1 There are two primary investment objectives. One is to provide a continuing and dependable cash payout, stable and preferably growing in real terms, after giving effect to inflation. The second is to cause the total value of the fund to appreciate, over time, exclusive of growth derived from donations.
- 5.2.2 The cash payout requirement on the SEF is substantial and continuous. Income and capital appreciation must be sufficient to provide an adequate and consistent cash stream for the development of excellence and distinction in the academic programs of the system. In addition, the SEF needs to appreciate to ensure preservation of the purchasing power of the SEF and also to satisfy the need for payout growth in the future.
- 5.2.3 Management of the SEF attempts to meet these objectives by maximizing the return on the SEF's investments, consistent with an appropriate level of risk. Additionally, the SEF must be diversified at all times to provide reasonable assurance that investment in a single security, a class of securities or industry will not have an excessive impact on the SEF.
- 5.2.4 A goal of the SEF is to maintain a balance between investment objectives and liquidity needs. Liquidity is necessary to meet the cash payout requirements and

any extraordinary events. In many instances, the most appropriate investment option is one that comes with liquidity constraints. The tradeoff between appropriateness and liquidity will be considered throughout the portfolio construction process.

5.3 Asset Allocation

5.3.1 The SEF's asset allocation policy will be consistent with the investment objectives and risk tolerances. These policies, developed after examining the historical relationships of risk and return among asset classes and integrating an analysis of both assets and liabilities, are designed to provide the highest probability of meeting or exceeding the SEF's return objectives at the lowest possible risk. The overall objective of the SEF is to invest the funds in such a manner as to achieve a reasonable balance of growth of corpus and consistent payout while maintaining the purchasing power of these endowments, as can reasonably be achieved within the framework of the policy consistent with the system's objective of the safety and preservation of capital. Although dynamic capital markets may cause fluctuating risk/return opportunities over a market cycle, the following standards will be used as a flexible framework for asset allocation as measured at market value. The targets outlined below represent the current allocation objective of the board and must be adhered to within the range for each asset class as outlined below. The board recognizes markets will fluctuate and accordingly charges the Office of the Deputy Chancellor and Chief Financial Officer with aligning the actual allocation towards these targets on a quarterly basis.

<u>Asset Class</u>	<u>Target</u>	<u>Range</u>
Fixed Income	15%	10% - 20%
Domestic Equity	15%	10% - 25%
International Equity	15%	10% - 25%
Real Assets	15%	10% - 25%
Absolute Return	15%	10% - 20%
Private Equity	25%	15% - 35%

The SEF will compare total fund performance to a Policy Index that approximates the long-term asset allocation. The investment benchmarks that comprise the Policy Index will be those detailed in the Letters of Instruction and/or designated by the Office of the Deputy Chancellor and Chief Financial Officer.

5.3.2 Traditional fixed income will be managed with a duration of +/- 30% of the effective duration of the investment benchmark detailed in the Letter of Instruction while seeking to outperform the investment benchmark and to attain performance in the top quartile when compared to an appropriate manager universe over a five-year moving time period. Long-term preservation of capital is the primary objective when making any fixed income investment.

5.3.3 The equity allocation will be diversified among the various management styles in order to attain the desired expected return within appropriate risk tolerances. These assets will be managed at a risk level (beta) of no greater than 1.20 times the investment benchmark detailed in the Letter of Instruction while seeking to

outperform the investment benchmark and to attain performance in the top quartile when compared to an appropriate manager universe over a five-year moving time period. Diversification of each equity manager's portfolio will require no more than 25% of equities in one industry. Each equity manager is expected to stay fully invested in equities. In general, cash or cash equivalents should not exceed 5% of the market value of each equity portfolio. In the event of severe economic/capital market conditions or strong liquidity needs, the investment managers may raise a significant amount of cash. Any such decision arising from economic/capital market conditions must be explained in writing to the system staff within 10 working days thereafter. Any other deviations must first be communicated to, and approved in writing by, the designated member of the system staff. Long-term appreciation of the fund is the primary objective when making any equity investment.

5.3.4 Real Assets, Absolute Return and Private Equity investments will be selected and evaluated based on, but not limited to, the following criteria: tenure and track record of management team, expertise in targeted areas of investment, diversification strategy, use of leverage, liquidity of investments and performance relative to similar investments.

5.4 Distribution of Income

Distribution will be made quarterly as soon as practicable after the last calendar day of November, February, May and August of each fiscal year to the endowment and trust funds participating in the SEF during the respective quarter. The income distribution per unit for each fiscal year will be to distribute, excluding fees, 5% of the 20-quarter average market value per unit as of the end of the previous February.

5.5 Amendment or Termination of Plan

The board reserves the right to amend or terminate the SEF as it deems necessary or advisable.

6. SYSTEM CASH CONCENTRATION POOL

6.1 Fund Name, Purpose and Eligibility for Participation

6.1.1 The Cash Concentration Pool herein established will be known as "The Texas A&M University System Cash Concentration Pool" (Pool) and will be under the control of the board. The direction of the Pool will be under the chancellor in accordance with Section 1.3.

6.1.2 The purpose of the Pool is to provide for the collective investment of all operating, non-operating and other funds resting with system or its members. The Pool was established to provide incremental return to assist in meeting the operating needs of the system.

6.1.3 All funds deposited into the Pool must be under sole control of the board and/or an official or officials of the system in their official capacity. However, no such official, other than the chancellor, will have any control over the management of the Pool other than to request deposits or withdrawals on the fund.

6.2 Investments

The Pool will be limited to such investments as are eligible under system investment policy as adopted by the board as amended from time to time.

6.3 Asset Allocation

6.3.1 The Pool's asset allocation policy will reflect, and be consistent with, the investment objectives and risk tolerances. These policies, developed after examining the historical relationships of risk and return among asset classes and integrating an analysis of both assets and liabilities, are designed to provide the highest probability of meeting or exceeding the Pool's return objectives at the lowest possible risk. The overall objective of the Pool is to invest the funds in such a manner as to achieve a reasonable balance of growth of corpus and consistent payout to meet the operating needs of the system, as can reasonably be achieved within the framework of the policy consistent with the system's objective of the safety and preservation of capital. Although dynamic capital markets may cause fluctuating risk/return opportunities over a market cycle, the following standards will be used as a flexible framework for asset allocation and portfolio structure (as measured at market value). The targets outlined below represent the current allocation objective of the board and must be adhered to within the range for each asset class as outlined in this section. The board recognizes markets will fluctuate and accordingly charges the Office of the Deputy Chancellor and Chief Financial Officer with aligning the actual allocation towards these targets on a quarterly basis. All allocation percentages are to be exclusive of debt proceeds which are to be invested in the Short-Term Portfolio.

<u>Asset Class</u>	<u>Target</u>	<u>Range</u>
Short-Term Portfolio	8%	6% - 12%
Fixed Income	32%	27% - 37%
Domestic Equity	20%	15% - 25%
International Equity	20%	15% - 25%
Absolute Return	20%	15% - 25%

6.3.2 The Short-Term Portfolio will be managed to meet short-term cash requirements with a duration not to exceed one year.

6.3.3 Traditional fixed Income will be managed with a duration +/- 30% of the effective duration of the investment benchmark detailed in the Letter of Instruction, while seeking to outperform the investment benchmark and to attain performance in the top quartile when compared to an appropriate manager universe over a five-year moving time period.

6.3.4 The equity allocations will be diversified among the various management styles and equity asset classes in order to attain the desired expected return within appropriate risk tolerances. These assets will be managed at a risk level (beta) not to exceed 1.20 times the investment benchmark detailed in the Letter of Instruction while seeking to outperform the investment benchmark and to rank in the top

quartile when compared to an appropriate manager universe over a five-year moving time period. Diversification of each manager's portfolio will require no more than 25% of equities in one industry. Each equity manager is expected to stay fully invested in equities. In general, cash and cash equivalents should not exceed 5% of the market value of each equity portfolio.

6.3.5 Absolute return strategies will be selected and evaluated based on, but not limited to, the following criteria: tenure and track record of management team, expertise in targeted areas of investment, diversification strategy, use of leverage, liquidity of investments, level of general partner investment, fees and potential conflicts of interest.

6.4 Amendment or Termination of Plan

The board reserves the right to amend or terminate the Pool as it deems necessary or advisable.

7. PLACEMENT AGENTS

The purpose of this provision of the system investment policy is to ensure all system investment transactions and decisions are free from improper influence or the appearance of such consistent with the board's fiduciary responsibilities. The system requires transparency and accountability of the role of the placement agent. Prior to investing with an investment manager, the system must obtain a statement from the manager that it did not use a placement agent in connection with the system's investment or, if the manager has used a placement agent, it will disclose certain information regarding the payment of or the incurrence of an obligation to pay any placement fee and the services to be performed by the placement agent including as set forth in the placement agent questionnaire submitted to treasury personnel. Furthermore, the fund or manager must certify, represent and warrant that the disclosures required by the questionnaire are complete, true and correct in all material respects. The system cannot be responsible or liable for the payment of any placement fee unless such amounts are completely offset by reductions to the management fees or other fees payable by the system to the fund.

Resolution

WHEREAS, Aggieland has grown beyond the boundaries of any one municipality; and

WHEREAS, College Station is known as the “Home of Texas A&M University”; and

WHEREAS, the City of College Station and the City of Bryan have had an entwined history since the City of College Station was incorporated in 1938; and

WHEREAS, Bryan and Texas A&M University’s historical ties go back to 1871, when Bryan was incorporated and the Texas Legislature established the Agricultural and Mechanical College of Texas; and

WHEREAS, College Station and Texas A&M University are synonymous, with the city owing its name and existence to the Agricultural and Mechanical College’s location along the Houston and Texas Central Railroad, receiving the designation “College Station, Texas” by the U.S. Postal Service in 1877; and

WHEREAS, the City of College Station was incorporated after a petition was submitted to the A&M College of Texas board of directors, and the first city council was comprised of A&M faculty members and met in the administration building; and

WHEREAS, Kyle Field, home to Aggie Football since 1905, is located in College Station, and in 2013 College Station guaranteed up to \$36 million in hotel tax revenues toward the renovation of Kyle Field; and

WHEREAS, Bryan Army Air Field was used as the Texas A&M University Annex for incoming Corps of Cadets freshmen and returning veterans in 1946; and

WHEREAS, in 1962, Bryan Air Force Base was deeded to Texas A&M University, adding 1,991 acres; and

WHEREAS, the former Bryan Air Force Base was operated as the Texas A&M University Research and Extension Center for a quarter of a century before being designated as the Texas A&M University Riverside Campus in 1988; and

WHEREAS, the Texas A&M University Riverside Campus grew into the Texas A&M University Research Annex before transforming into the RELLIS Campus in 2016, home to Texas A&M University System entities including ten regional universities, the Texas A&M Engineering Extension Service (TEEX), the Texas A&M Engineering Experiment Station (TEES) and the Texas A&M Transportation Institute (TTI); and

WHEREAS, in 2007, the City of Bryan gifted more than 200 acres to the Texas A&M University Health Science Center; and

WHEREAS, recognizing the long history and partnership between the City of Bryan, the City of College Station and both Texas A&M University and The Texas A&M University System; and

WHEREAS, recognizing that over the past decade, Texas A&M University and The Texas A&M University System have expanded into the City of Bryan with seven Texas A&M University System colleges, ten Texas A&M University System universities and multiple Texas A&M University System state agencies on more than 2,200 acres with more than \$1 billion in investment; and

WHEREAS, Texas A&M University will always be the institution's official name; and

WHEREAS, there is no intent to change the university's official name; now, therefore, be it

RESOLVED, that the Chancellor of The Texas A&M University System and the President of Texas A&M University will use "Bryan-College Station" only in any general location references where College Station would have been used in the past, including references at all sporting events, academic events, press releases, marketing collateral, letterhead, and other representations of Texas A&M University and The Texas A&M University System where a specific postal address is not required.

ADOPTED, this 20th day of August 2020.
