

# THE TEXAS A&M UNIVERSITY SYSTEM

**Stacy Pritt, DVM, MS, MBA, CPIA, CHRC, EXCS,  
ECoP, DACAW**

Associate Vice Chancellor, Research

Chief Research Compliance Officer

**The Texas A&M University System**

Dr. Stacy Pritt is Associate Vice Chancellor and Chief Research Compliance Officer at The Texas A&M University System. As a leader within the A&M System Office of Research, she supports compliance to regulations and guidelines for animal research, human research protections, financial conflict of interest in research, institutional biosafety, responsible conduct of research, and other areas of research compliance across the System's 11 universities and 8 state agencies.

Prior to coming to The Texas A&M University System, Dr. Pritt served in leadership roles across academia and industry, including at the Harvard Medical School and the University of Texas Southwestern Medical Center. In those roles, she not only directed multiple research compliance offices but also managed drug and medical device research programs, focusing on ocular diseases and wound healing. She also spearheaded a successful cross-institutional collaboration with the Texas A&M University School of Veterinary Medicine and Biomedical Sciences to fund research as a part of a \$40M NIH Clinical and Translational Science Award.

Dr. Pritt is a nationally recognized expert in research compliance, having authored or co-authored over 60 publications, including book chapters, on various compliance subjects. Additionally, she is a sought-after speaker on research compliance, animal welfare, professional development, and leadership topics.

Dr. Pritt is a notable leader within the veterinary profession, having served as the Vice President of the American Veterinary Medical Association, the largest veterinary organization in the United States, and President of the American College of Animal Welfare. Currently, she serves in leadership positions within various organizations including Public Responsibility in Medicine & Research, Americans for Medical Progress, and the Texas Society for Biomedical Research. She is the recipient of numerous awards for her leadership, speaking, and training skills.

Dr. Pritt received her B.S. in Biology from the California State Polytechnic University at Pomona, where she serves on the College of Science Dean's Advisory Committee. She received her D.V.M. from the Washington State University College of Veterinary Medicine and is a recipient of their Outstanding Service Alumni Award. She has also earned an M.S. in Managerial Science and an M.B.A. in Healthcare Management, and is certified in institutional animal care and use (IACUC) administration, healthcare research compliance, and export control requirements.
