

## IX. Work-related Communicable Diseases

Pursuant to Rule 110.108 of The Texas Workers' Compensation Act employers are required to post notice concerning exposure to certain communicable diseases. The notice must be posted in the personnel office, and in the workplace where employees are likely to read the notice on a regular basis. This notice will inform employees of exposure reporting and disease testing requirements which may affect qualifying for workers' compensation benefits.

A list of reportable communicable diseases is as follows:

Acquired immune deficiency	Amebiasis	Anthrax
Botulism-adult & infant	Brucellosis	Campylobacteriosis
Chancroid	Chickenpox	Chlamydia
Trachomatis infection	Cholera	Dengue
