# COLLEGE CREDIT FOR HEROES MISSION

- The College Credit for Heroes (CCH) program seeks to maximize college credit awarded to veterans and service members for their military experience in order to *expedite their transition into the Texas workforce*. The program's goal is to eliminate obstacles to attaining licensing, certification and accreditation, and degree awards at state and national levels so that veteran's transition more quickly from college classrooms to the workforce.

# THE COLLEGE CREDIT FOR HEROES “CAPACITY BUILDING” GRANT

On February 20, 2020, TWC issued a Request for Application (RFA) from eligible applicants to participate in the CCH Capacity Building Program, which allows Institutions of Higher Education (IHEs) to develop or improve upon their military evaluation processes by using a fully integrated system to identify and track student veterans participating in the CCH program.

# THE COLLEGE CREDIT FOR HEROES “CAPACITY BUILDING” GRANT CONT:

The College Credit for Heroes Capacity Building Program is a two-year grant. The first 12-month period is for planning, and the second 12-month period is for implementation of a pilot period.

Four primary goals for the capacity building program are as follows:

- Develop and document a pilot Military Transcript evaluation process that ensures academic credit will be awarded consistently to all veterans and service members submitting Military Transcripts for ten (10) common military courses or experiences.
- Develop a sustainable tracking method for students participating in the CCH Program, accurately gauging the benefits students are receiving and confirming that processes and policies are being implemented consistently across the institution.
- Recruit program champions from the current students, alumni, and faculty who are or have participated in the CCH Program to act as advocates and resources regarding the CCH Program.
- Integrate CCH Program information into Veteran or Active Duty Service Member resources.
