

Dear Higher Education Partners,

We are pleased to announce the call for proposals for the 2026 Texas A&M System Military-Affiliated Symposium, to be held October 5–6, 2026, in Frisco, Texas. This annual symposium convenes higher education professionals, researchers, practitioners, and partners to share promising practices, innovative approaches, and collaborative strategies that advance the success of military-affiliated students.

Guided by the theme “*Scaling Impact: Practice, Data, Partnerships*,” the symposium will feature five tracks that highlight critical dimensions of military-affiliated student support:

1. From Innovation to Institution
2. Data, Assessment, and Accountability
3. Partnerships that Multiply Impact
4. Benefits, Certification, and Compliance
5. Military-Affiliated Student Success

We invite you to submit proposals for presentations, workshops, panel discussions, and other interactive session formats aligned with one or more of these tracks. Your expertise and insights are vital to fostering meaningful dialogue and strengthening collective efforts to support military-affiliated students across higher education.

Please review the submission guidelines and submit your proposal(s) no later than **June 1, 2026**, via the online submission portal: tx.ag/26symposium.

If you have questions or need additional information, please feel free to contact me at m-long@tamus.edu or 979-847-7389.

We look forward to your participation and to continuing our shared work to scale impact and advance military-affiliated student success.

Best regards,

Montaigne Long
Director
