# THE TEXAS A&M UNIVERSITY SYSTEM

tamus.edu | 979-458-6000 The Texas A&M University System Headquarters 301 Tarrow St. College Station, TX 77840-7896

THE TEXAS A&M UNIVERSITY SYSTEM was officially established in 1948 and has evolved into one of the largest systems of higher education in the nation, with a statewide network of 11 universities, including our flagship, Texas A&M University, and ten regional universities across the state. Additionally, the A&M System provides service and education to the people of Texas and beyond through eight state agencies and a System administration office.

Each of the A&M System members has its own unique mission, history and goals. Together, they provide research, educational programs and community enhancement services that improve the lives of people in Texas and around the world.

A&M System universities educate over 153,000 students and make more than 23 million additional educational contacts through service and outreach programs each year.

With more than 26,000 faculty and staff positions, the A&M System has a physical presence in 250 of the state's 254 counties and a programmatic presence in every county. The A&M System has real property holdings totaling more than 62,000 surface acres and 65,000 mineral acres.

System-wide, externally funded research expenditures exceed \$1 billion to help drive the state's economy.

The A&M System, with a total operating budget of \$7.2 billion, is governed by a ninemember Board of Regents. A nonvoting student member was added in 2006. The regents appoint the chancellor, the chief executive officer who oversees the direction and operation of the System. The System's role is governed by the state's education code, Title 3, chiefly Ch. 51, Sec. 51.353 and Ch. 85, Sec. 85.17.

# Board of Regents tamus.edu/regents

**William "Bill" Mahomes** was appointed to the Texas A&M University Board of Regents by Governor Greg Abbott in 2015. In 2021, he was reappointed by Governor Abbott, elected Vice Chairman of the Board and was subsequently elected Chairman of the Board of Regents in 2023. He received his bachelor's degree from Texas A&M University and a Juris Doctorate from The University of Texas School of Law. He was named a Distinguished Alumnus of Texas A&M University in 2022. His term will expire February 1, 2027.

**Robert L. Albritton** was appointed to the Board of Regents by Governor Greg Abbott in 2015 and reappointed in 2021. He was elected Vice Chairman of the Board on May 3, 2023. He serves as a member of the Committee on Finance, as a member of the Committee on Buildings and Physical Plant, a member of special committee on the Texas A&M Corps of Cadets, and as liaison to the Development Foundations of A&M System Members. He graduated with honors from Texas A&M University receiving a double major in Economics and Marketing. His term expires February 1, 2027.

**David Baggett** was appointed as a member of the Board of Regents by Governor Greg Abbott in 2023. He serves as a member of the Committee on Finance and of the Committee on Buildings and Physical Plant. He graduated with honors with a Bachelor of Business Administration in Accounting from Texas A&M University. His term expires on February 1, 2029.

**John Bellinger** was appointed as a member of the Board of Regents by Governor Greg Abbott in 2023. He serves as a member of the Committee on Audit and of the Committee of Academic and Student Affairs. He received a bachelor's degree (Agricultural Education) and a master's degree (Animal Science) from Texas A&M University. He is a former recipient of the Texas A&M Outstanding Alumnus of Animal Science and the College of Agriculture and was inducted into the U.S. Meat Industry Hall of Fame in 2022. His term expires February 1, 2029.

James R. "Randy" Brooks was appointed to the Board of Regents by Governor Greg Abbott in 2021. He serves as Chairman of the Committee on Buildings and Physical Plant and is a member of the Committee on Audit. He serves as Chairman of the Special Committee on the Texas A&M Corps of Cadets. He received his Bachelor of Science in Economics degree from Texas A&M University. His term expires on February 1, 2027.

**Jay C. Graham** was appointed as a member of the Board of Regents by Governor Greg Abbott in 2019. He serves as Chairman of the Committee on Finance and as a member of the Committee on Academic and Student Affairs. He is a member of the Special Committee on the Texas A&M Corps of Cadets. He received a Bachelor of Science in petroleum engineering from Texas A&M University. His term expires February 1, 2025.

**Michael A. "Mike" Hernandez III** was appointed as a member of the Board of Regents by Governor Greg Abbott in 2019. He currently serves as Chairman of the Committee on Audit and as a member of the Committee of Academic and Student Affairs. He also serves as a liaison to The Association of Former Students and serves on the Board for Lease of University Lands. He received a Bachelor of Science in Industrial Distribution from Texas A&M University. His term expires February 1, 2025.

**Michael J. Plank** was appointed as a member of the Board of Regents by Governor Greg Abbott in 2019. He serves as Chairman of the Committee on Academic and Student Affairs. He serves as a member of the Committee on Audit. He received a Bachelor of Science in Mechanical Engineering from Texas A&M University. He was named a Distinguished Graduate of the Mechanical Engineering department in 2000, and was a recipient of the College of Engineering's Outstanding Alumni Award in 2019. His term expires February 1, 2025.

**Sam Torn** was appointed as a member of the Board of Regents by Governor Greg Abbott in 2023. Prior to being appointed to the Board of Regents, Sam served on the Texas Higher Education Coordinating Board. He serves as a member of the Committee on Finance and of the Committee on Buildings and Physical Plant. He received a BBA in Finance from Texas A&M University. He has been named to the Texas A&M Corps Hall of Honor and the Texas A&M Letterman's Association Hall of Honor. In 2020, he was named a Distinguished Alumnus of Texas A&M. His term expires February 1, 2029.

**Elizabeth "Annie" Valicek** is a senior agricultural business and economics major at West Texas A&M University (WTAMU). Annie is the immediate past student body president at WTAMU and plans to attend law school after graduation. She is a founding member of West Texas' Collegiate Farm Bureau, serves as a WTAMU agricultural ambassador and is chair of career and personal development for Chi Omega sorority. She was appointed Student Regent of The Texas A&M University System Board of Regents by Governor Greg Abbott. She is serving a one-year term to expire May 31, 2024.

# Chancellor

**John Sharp** was appointed Chancellor of The Texas A&M University System by the Board of Regents on September 6, 2011. As Chancellor of the A&M System, he leads one of the nation's largest university systems, including 11 universities and eight state agencies, which has an annual budget of \$7.2 billion. Enrollment at the A&M System's 11 universities has grown to more than 153,000 and externally funded research expenditures are in excess of \$1 billion. Chancellor Sharp brings with him more than three decades of public service and a passion to make the A&M System the best system of higher education in the country.

chancellor.tamus.edu

# **Frequently Asked Questions**

# What is The Texas A&M University System?

The A&M System is one of the largest systems of higher education in the nation, with a statewide network of 11 universities and eight state agencies. A&M System universities educate more than 153,000 students and reach another 23 million people through service each year. With more than 26,000 faculty and staff, the A&M System has a physical presence in 250 of the state's 254 counties and a programmatic presence in every one. System-wide, externally funded research expenditures exceed \$1 billion to help drive the state's economy.

# When was the A&M System established?

The A&M System was officially established in 1948. The original members were Texas A&M University, Prairie View A&M University, Tarleton State University, Texas A&M Forest Service, Texas A&M Engineering Experiment Station, Texas A&M Engineering Extension Service, Texas A&M AgriLife Extension Service (formerly Texas Cooperative Extension) and Texas A&M AgriLife Research (formerly Texas Agricultural Experiment Station).

Today, the A&M System provides oversight and leadership for 11 universities and eight state agencies. Its role is governed by the state's education code (Title 3, chiefly Ch. 51, Sec. 51.353 and Ch. 85, Sec. 85.17). Responsibilities include system-wide planning, coordination and execution of the policies of The Texas A&M University System Board of Regents.

# What does "A" and "M" stand for?

Texas A&M University, the state's first public institution of higher education, was opened on Oct. 4, 1876 as the Agricultural and Mechanical College of Texas. Both Texas A&M and Prairie View A&M owe their origin to the Morrill Acts of 1862 and 1890, which established the nation's land-grant college system. When Texas A&M gained university status in 1963, the "A&M" was incorporated into the official name in deference to the institution's history and traditions, but the individual letters no longer explicitly stand for anything.

# The A&M System is the state's land-grant system. What does that mean?

A land-grant college or university is an institution that has been designated by its state legislature or Congress to receive the benefits of the Morrill Acts of 1862 and 1890. The original mission of these institutions, as set forth in the first Morrill Act, was to teach agriculture, military tactics and the mechanical arts, as well as classical studies so that members of the working classes could obtain a practical education.

The A&M System's agencies, which conduct research and bring practical applications of research findings to the people of Texas, also came out of the land-grant system. There is now at least one land-grant institution in every state and territory of the United States, as well as in the District of Columbia.

# How is the A&M System governed?

The A&M System is governed by a nine-member Board of Regents, appointed by the governor and confirmed by the Texas Senate for six-year terms. A nonvoting student member was added in 2006. The A&M System chancellor oversees the day-to-day administration, and each of the A&M System's members has a president, CEO or director.

# What is the mission of the A&M System?

The mission of the A&M System is to provide education, conduct research, commercialize technology, offer training and deliver services for the people of Texas and beyond through its universities and state agencies.

# Does the A&M System have a central admissions office?

No. Students must contact directly the preferred A&M System institution's admission office. Information about these institutions can be found on the system's website, **tamus.edu**.

#### **TEXAS A&M UNIVERSITY AT**

GALVESTON is the marine and maritime branch campus of Texas A&M University. On Pelican Island, it educates over 2,200 undergraduate and graduate students in science, business, engineering, liberal arts and transportation. Aggies by the Sea are driving the development of the blue economy in Texas and are a critical contributor to Texas A&M's sea-grant portion of Texas A&M's rare land-, sea-, and space-grant mission, with over \$20 million in research grants this year alone.

Texas A&M-Galveston is also home to the Texas A&M Maritime Academy. It is one of six state maritime academies in the U.S., the only academy part of a Tier I research institution and the only academy location in the Gulf Coast. The academy trains over 400 cadets annually for maritime service and employment worldwide. Ideally located in historic Galveston, the campus is surrounded by the industry, environment and programs essential to its special-purpose mission.

Conference (SEC)

TEXAS A&M UNIVERSITY is the state's first public college and one of the nation's largest and most prestigious universitiesknown around the world for producing leaders of character dedicated to the greater good.

In fulfillment of its land-grant mission, Texas A&M seeks to provide a superior and affordable education to the people of Texas and beyond. Today, major publications rank Texas A&M among the best in terms of academic excellence, public service and preparing students for the workforce.

The world-class faculty includes recipients of the Nobel Prize and Wolf

Prize, as well as more than 50 members of the National Academies. Research expenditures total more than \$1.13 billion annually, the highest of any Texas university.

Texas A&M offers undergraduate, graduate and professional degrees through more than 400 programs at the College Station campus, special-purpose branch campuses in Galveston and Qatar, a School of Law in Fort Worth, Texas A&M Health with locations statewide and an educational site in McAllen, Texas.

PO Box 1675, Galveston, TX 77553 | 877-322-4443

#### **TEXAS A&M UNIVERSITY AT OATAR**

offers undergraduate degrees in chemical engineering, electrical engineering, mechanical engineering and petroleum engineering in Qatar Foundation's Education City, and graduate degrees in chemical engineering since fall 2011. Texas A&M at Qatar has awarded nearly 1,400 degrees since 2007. Texas A&M at Qatar's undergraduate engineering programs are also accredited by the Engineering Accreditation Commission of ABET, www. abet.org. Faculty from around the world are attracted to Texas A&M at Qatar to educate the next generation of engineering leaders in Qatar. They conduct more than \$277.7 million in research on issues important to the nation of Qatar. Texas A&M at Qatar is wholly funded by the Qatar Foundation for Education, Science and Community Development.

**Higher Education Center** 

#### **TEXAS A&M UNIVERSITY HIGHER** EDUCATION CENTER AT MCALLEN is one of the nation's most unique community

partnerships. Texas A&M University, the City of McAllen and Hidalgo County have combined resources to extend existing degree programs in fields of high demand to the Rio Grande Valley. The McAllen Center offers nine bachelor degrees in fields identified by local industry leaders: agricultural economics, biomedical science, construction science, education-math/science middle grades, human resource development, interdisciplinary engineering, maritime business administration, multidisciplinary engineering technology and public health. With courses taught by accredited Texas A&M University faculty, students are eligible to earn the Aggie Ring and diploma from one of the world's leading universities while also benefitting from the financial advantages of living close to home and near unique career opportunities in the Rio Grande Valley.

PRAIRIE VIEW A&M UNIVERSITY is the second oldest public college in Texas. It is a Historically Black College/University (HBCU) that, since its inception in 1876, has opened its doors to any person seeking a first-class higher education.

Home to more than 8,500 students, the University is situated on one of the most beautiful campuses in the country. Mentioned in the Texas State Constitution as an "institution of the first class," PVAMU began as an agricultural, industrial and teachers' school but has evolved to meet changing societal demands. Through its seven colleges and the School of Architecture, PVAMU boasts over 120 degree programs from the bachelor's to doctoral level, including engineering, natural sciences, the

arts, education, business, nursing, agriculture, and criminal and juvenile justice. This year, PVAMU achieved the prestigious R2 Carnegie Classification for high research activity, placing it in the Top 10 for Historically Black Colleges and Universities.

TARLETON STATE UNIVERSITY offers 84 undergraduate, 35 graduate and two doctorate degree options for an innovative and transforming educational experience. Students study in one of 10 colleges and schools — Agriculture and Natural Resources; Business; Education; Engineering; Health Sciences; Nursing; Kinesiology; Liberal and Fine Arts; Science and Mathematics; and Criminology, Criminal Justice and Public Administration.

Classes are available at the home campus in Stephenville (an hour southwest of Fort Worth) and in Fort Worth, Waco, Midlothian, Texas A&M-RELLIS in Bryan and online.

Tarleton serves more than 14,000 students from 233 Texas counties, 47 states and 40 countries, and a second building is rising from the prairie on its Fort Worth campus. The Interprofessional Education Building will increase access to a top-flight education with an emphasis on training providers of quality healthcare.

Thanks to the university's Center for Research, Innovation and Economic Development, faculty and student researchers are pursuing fresh knowledge, solving real world problems and moving life-changing breakthroughs from the lab to the marketplace.

#### TEXAS A&M INTERNATIONAL UNIVERSITY (TAMIU) is a vibrant international university at home in the dynamic multicultural and multilingual crossroads that is Laredo.

TAMIU provides over 8,000 students with a transformative learning environment anchored by the highest quality academic programs delivered by a global faculty. It offers a solid foundation in the arts and sciences, business, education, and nursing and a broad range of research opportunities with a special focus on the U.S.-México border.

Former ranchland, the 300-acre campus welcomes a diverse student body with 122 student clubs and organizations, creating an energetic

and thriving campus life. Service-learning further fuels dynamic community engagement while study abroad programs manifest an international perspective.

For over 52 years, TAMIU has prided itself on delivering accessible, affordable, and exceptional higher education for all. Its innovative campus and programs help students achieve their dreams.

TAMIU's programs are infused with an international focus, a visionary agenda for global study, leadership and understanding across all disciplines, and a commitment to lifelong learning.

TEXAS A&M UNIVERSITY-CORPUS CHRISTI is known for its top-quality academic programs and has been recognized for its seamless process for transfer students and services for military veterans. It has been named the #1 College by the Sea not only for its

veterans. It has been named the #1 College by the Sea not only for its tropical location, but also for its academic programs and research in marine sciences.

As a Hispanic-Serving and Minority-Serving Institution, the Island university provides a welcoming and supportive environment where students are encouraged to find their purpose.

Students choose from more than 80 degree programs including marine

biology, mechanical engineering, nursing, education, art/graphic design, kinesiology, marketing, and theatre. They benefit from immersive learning experiences where faculty offer mentored research in more than 40 centers and labs.

The university is listed as an R2-High Research Activity campus by the Carnegie Commission on Institutions of Higher Education. The Harte Research Institute for Gulf of Mexico Studies works to protect gulf ecosystems, and the Conrad Blucher Institute (CBI) is designated by the State of Texas as a facilitator for the National Spatial Reference System. The Lone Star UAS Center of Excellence and Innovation is one of only seven FAA-unmanned aircraft systems test sites in the nation.

TEXAS A&M UNIVERSITY-KINGSVILLE has represented excellence and innovation in South Texas for nearly a century. With a legacy as a Hispanic-Serving Institution, the university offers a complete college experience on a vibrant campus with a variety of undergraduate and graduate programs developed to meet the growing economic needs of Texas and beyond. Degrees include well-known programs in environmental engineering, animal and wildlife sciences, music and education, along with growing programs in veterinary technology, kinesiology and social work.

A Carnegie-recognized Doctoral University with High Research Activity, Texas A&M-Kingsville features nationally and internationally

recognized research centers, including the National Natural Toxins Research Center, the Caesar Kleberg Wildlife Research Institute and the King Ranch Institute for Ranch Management. Helpful staff and faculty committed to students' success create a sense of community that extends beyond the campus. Texas A&M-Kingsville has ranked among the top 25 universities in the nation based on alumni ratings. The campus features an inclusive environment with a variety of dining options, a student recreation center and suite-style residence halls within walking distance of classrooms.

WEST TEXAS A&M UNIVERSITY (WTAMU) is located in Canyon, Texas, on a 342-acre residential campus. WTAMU, a Hispanic Serving Institution since 2016, boasts an enrollment of over 9,000 and offers 59 undergraduate degree programs and more than 40 graduate degrees, including two doctoral degrees.

The University is home to the Panhandle-Plains Historical Museum, the largest history museum in the state and the home of one of the Southwest's finest art collections.

WTAMU is also home to the Veterinary Education, Research & Outreach program and the Charles W. Graham DVM Texas A&M Veterinary Medical

Diagnostic Laboratory, increasing WTAMU's already significant contributions to the agricultural field.

The Buffaloes are a member of the NCAA Division II Lone Star Conference and offers 14 men's and women's athletics programs. Bain-Schaeffer Buffalo Stadium, which opened in 2019 and was named the best stadium in Division II in 2020, was officially named in 2022 in honor of the remarkable, ongoing legacy of giving by two prominent Texas Panhandle families.

TEXAS A&M UNIVERSITY-COMMERCE serves rural and metropolitan East Texas with a dedicated mission to educate, discover and achieve.

From engineering to education, A&M-Commerce offers more than 130 academic degrees. Classes are offered online and on-site in Commerce, Corsicana, McKinney, Mesquite, Frisco, Texas A&M-RELLIS in Bryan, and the newest location—A&M-Commerce at Dallas—at 8750 North Central Expressway.

Example 2 Students work with world-class professors who dedicate themselves to excellence in teaching and research. The university maintains strong relationships with area industries to create relevant programs that prepare career-ready graduates.

A&M-Commerce is a leading producer of Texas teachers and administrators. The university also features one of the nation's only agriculture colleges where students experiment with sustainable growing methods on a 1,300-acre farm. And, it offers a unique bachelor's degree in criminal justice leadership for experienced law enforcement officers.

Students enjoy a diverse campus experience with a thriving Greek community and 100 student clubs and organizations. The A&M-Commerce Lions joined the Southland Conference in July 2022 and began an exciting transition into NCAA Division I. TEXAS A&M UNIVERSITY-COMMERCE

TEXAS A&M UNIVERSITY-TEXARKANA is a regional university where you can get a high-quality education in a nurturing, student-centered environment. With a commitment to academic excellence and degree programs that are in high demand, A&M-Texarkana students graduate and stand ready to meet the needs of employers today and into the future.

Small class sizes led by world-class faculty give A&M-Texarkana students more personalized interaction with their professors, fostering relationships that last far beyond graduation. The university's commitment to experiential learning through field work, practicums, internships, and service learning provides students an additional level of

education beyond the classroom that sets A&M-Texarkana graduates apart.

Nestled in the natural beauty of northeast Texas, on a 375-acre campus, A&M-Texarkana gives students all they need to live, learn, and experience the very best of college life. With more than 40 student groups, eleven intercollegiate sports, Greek life, social activities, and intramurals, students can also grow outside of the classroom and make friendships and connections that last a lifetime.

TEXAS A&M UNIVERSITY-CENTRAL TEXAS offers upper-division coursework leading to baccalaureate degrees, and graduate coursework leading to master's degrees.

The only public university in Texas that exclusively recruits and serves transfer students at the baccalaureate level, A&M-Central Texas is an exceptional option for community college students, as well as those individuals with some college but no degree. At A&M-Central Texas, undergraduate students may select from 30 baccalaureate and 20 graduate degree programs. As one of the most affordable public universities in Texas, A&M-Central Texas offers its students an innovative array of financial assistance, including a tuition maximum for

12 credit hours regardless of the number of hours taken, and an option to guarantee that tuition and fees will not change for up to three years.

Degree programs at A&M-Central Texas are offered through three colleges: Arts and Sciences; Business Administration; and Education and Human Development. Programs are designed to provide personalized learning experiences whether delivered on-campus, online, or through innovative hybrid models.

STUDENT-FACULTY RATIO13:1	

TEXAS A&M UNIVERSITY-SAN ANTONIO is a comprehensive, four-year university offering more than 55 undergraduate and graduate programs to more than 7,200 students. A&M-San Antonio is situated on nearly 700 acres in South San Antonio and reflects the culturally diverse, heritage-rich community it serves. It offers the lowest undergraduate tuition of any four-year university in San Antonio.

Established as a stand-alone university in 2009, it is home to the Henry G. Cisneros Institute for Emerging Leaders, the Cyber Engineering Technology/Cyber Security Research Center and the Mays Center for Experiential Learning and Community Engagement. It proudly became

the ninth university in the country, and the first in Texas, to join the Facebook Cyber Security University Program. The University holds the Hispanic-Serving Institution (HSI) designation, is a Seal of Excelenciacertified institution, received the 2022 Higher Education Excellence in Diversity (HEED) Award, and Military Times ranked the University No. 35 in the nation for "Best for Vets: Colleges" in 2021.

The University's world-class faculty prepare students for rewarding careers, responsible global citizenship and lifelong learning.

TEXAS A&M-RELLIS, in Bryan, is home to the only academic alliance in the nation that combines a major university system and a community college in one location. Designed to provide a seamless educational experience, students can take freshman- and sophomorelevel courses with the Blinn College District before transferring to a regional university partner to earn a bachelor's degree.

The state-of-the-art campus features the 83,000 square-foot Blinn College Walter C. Schwartz building and the Texas A&M System Academic Complex. Opened in August 2019, the Academic Complex is home to A&M System regional university degree offerings and accommodates approximately 2,500 students. The 67,000 square-

foot-building includes faculty offices, ten classrooms, group learning and collaborative spaces, modern allied health teaching laboratories and upper-division science laboratories.

The second building in the RELLIS Academic Complex was opened in January 2021 and includes classrooms and laboratories incorporating innovative teaching and technology, as well as faculty offices and spaces for student collaboration. Most notably, the building provides the labs and classrooms for engineering offerings.

The TEXAS A&M-RELLIS campus, besides being home to a unique academic alliance, is a 2,300-acre campus for advanced research, high-tech development and hands-on career training.

Located eight miles from the Texas A&M University campus in College Station, Texas, A&M-RELLIS offers more than one million square feet of labs and offices for applied research. It hosts projects in automotive technology, computational mechanics, smart power grids, advanced manufacturing, robotics, building infrastructure, and military modernization, among others.

In 2022, it opened one of the nation's largest 5G research testbeds.

A&M-RELLIS offers partners from industry, academia and the public sector a gateway to the abundant assets of the entire Texas A&M University System.

It is home to The Texas A&M Transportation Institute, Center for Infrastructure Renewal and George H.W. Bush Combat Development Complex and numerous other facilities for developing innovative solutions for the world's toughest problems.

#### The TEXAS DIVISION OF EMERGENCY MANAGEMENT (TDEM) carries out a comprehensive, all-hazards emergency management program for the state and assists cities, counties, and state agencies in planning and implementing emergency management programs. Texas receives more federal disaster declarations than any other state in the nation, an average of one every eight months. TDEM manages a full spectrum of programs related to all phases of emergency management by partnering with state and federal agencies to ensure Texas prepares for, responds to, recovers from and mitigates against future disasters.

TDEM's preparedness programs provide jurisdictions support for planning and training. TDEM's field response staff support local partners on the

ground across the state. Recovery and mitigation personnel manage billions of dollars in FEMA grant funds, working to assist local jurisdictions before, during, and after disasters.

By being part of the A&M System, TDEM capitalizes on the System's research and higher education capabilities and enhances coordination of the state's emergency management workforce— thus improving life safety and property protection, as well as leading to faster recovery from disasters.

TEXAS A&M AGRILIFE RESEARCH is a leading research and development agency for agriculture, natural resources and the life sciences in the nation. With a statewide presence from our headquarters in Bryan-College Station, to other Texas A&M University System campuses and 13 regional Research and Extension Centers — we provide innovative solutions to some of the world's greatest challenges.

Our research helps enhance competition and prosperity in agriculture; sustain healthy ecosystems and conserve natural resources; improve public health; create resilient communities; and optimize plant and animal production. In fact, AgriLife Research has ranked first in the

nation for agricultural sciences and natural resources conservation in seven of the last nine years.

AgriLife Research conducts research in the Texas A&M Colleges of Agriculture and Life Sciences and Veterinary Medicine and Biomedical Sciences. The agency collaborates among nine other A&M System centers and institutes, as well as with state and federal agencies, private-sector corporations and scientists all over the world.

The TEXAS A&M AGRILIFE EXTENSION SERVICE is a unique agency with a statewide network of professional educators, trained volunteers and county offices.

For over 100 years, the agency has improved lives across Texas by delivering innovative science-based solutions and education at the intersection of health, agriculture and environment. It brings together traditional outreach and modern tools to reach Texans right where they are.

Whether leading diabetes education programs, giving demonstrations on passenger safety, conducting agriculture field days, offering web-based classes for child care licensing or answering questions

one-on-one about soil testing, AgriLife Extension provides relevant continuing education that encourages lasting and effective change. Furthermore, the primary youth program, Texas 4-H, engages about 500,000 youth every year in learning projects, leadership development and community service.

Through its education and services, the agency improves lives, the environment and the Texas economy.

TEXAS A&M FOREST SERVICE conserves and protects the resources and lands of the Lone Star State.

The state agency helps property owners maintain land and natural resources to ensure forests remain productive and healthy for generations to come.

Texas A&M Forest Service also supports the state's response capability for incident management. From the initial response to ongoing recovery, the agency strives to protect Texas from wildfire and other disasters. Texas A&M Forest Service does this by not only fighting wildfire and

responding to incidents, but also by building capacity and increasing public awareness about community protection and wildfire prevention.

In partnership with other agencies, local governments and fire departments, Texas A&M Forest Service provides programs to aid communities across the state, giving them tools and resources to protect themselves and their properties.

#### The TEXAS A&M VETERINARY MEDICAL

**DIAGNOSTIC LABORATORY** helps protect the health of livestock, poultry, companion animals, exotic animals, racing animals and wildlife by testing hundreds of specimens from around the world every day. TVMDL offers more than 700 state-of-the-art diagnostic tests that deliver accurate results promptly and affordably. With four labs located in the state's leading livestock and poultry regions, TVMDL is uniquely situated to serve animal agriculture.

As a Level I Laboratory in the National Animal Health Laboratory Network, TVMDL is among a group of state and regional labs designed

to provide a nationwide surge testing, response and recovery capacity. TVMDL also acts as the backbone for a disease surveillance system that protects animal and public health and the agriculture economy.

Animal owners, the agriculture industry and government agencies depend on TVMDL's accredited laboratories and globally recognized expertise to help preserve animal and public health.

TEXAS A&M ENGINEERING EXPERIMENT STATION (TEES) performs research and leverages expertise from universities, national laboratories and state and federal agencies to improve lives through basic and applied engineering research. Our collaborations improve quality of life, foster economic development and enhance education.

The agency positions Texas to be especially competitive for federal dollars and plays a significant role in strengthening research leadership across the state in energy, healthcare, information systems, infrastructure, manufacturing and national security. Industry outreach, commercialization, entrepreneurship and workforce

development initiatives ensure that TEES research successfully transitions to industry use.

Additionally, through its connection to the Texas A&M College of Engineering, more than 1,900 graduate and undergraduate students across 15 departments have opportunities to engage in TEES research. The agency serves Texas with headquarters at Texas A&M-RELLIS and specialized research centers and partner institution offices throughout the state.

#### TEXAS A&M ENGINEERING EXTENSION SERVICE helps public and private organizations and communities prepare for, respond to and recover from disasters. Focused on high-quality training and excellent customer service, the agency's programs include fire services, emergency response and recovery, infrastructure, safety, law enforcement, cybersecurity, economic development and workforce development, led by top-notch instructors with real-world experience. Beyond training and technical assistance, the Agency also sponsors Texas A&M Public Works Response Team (TX-PWRT), Texas A&M Task Force 1 (TX-TF1) and Texas Task Force 2 (TX-TF2).

TEEX offers unparalleled experiential training at facilities that include Brayton Fire Training Field and Disaster City® in College Station, Texas A&M at locations across the nation

- RELLIS Campus in Bryan, and off-site at locations across the nation.

The agency's programs extend their impact through collaborations with other members of The Texas A&M University System, state and federal agencies, the military, private-sector corporations and the international emergency response community.

TEXAS A&M TRANSPORTATION INSTITUTE (TTI) addresses complex transportation challenges and opportunities with innovation, objectivity and unmatched technical expertise. Recognized as one of the premier higher education-affiliated transportation research agencies in the world, the Institute conducts over 700 research projects annually with more than 200 sponsors at all levels of government and the private sector. In the laboratory and the classroom, TTI researchers help prepare students for transportation careers.

With expertise in engineering, planning, economics, policy, public engagement, landscape architecture, environmental sciences, data sciences, social sciences and more, TTI researchers are leaders in their fields. They produce practical products and strategies, and ensure that

sponsors have the research-based results they need to make informed decisions.

TTI has a significant presence in eight urban areas across Texas, as well as in Washington, D.C.; Mexico City, Mexico; and Doha, Qatar. The Institute maintains a full-service safety proving grounds; environmental and emissions facility; sediment and erosion control laboratory; visibility research laboratory; and driving simulation laboratory, as well as other laboratories, including pavements, materials and structures labs.
